WE NOMINATE

Jean Labatut, an "institution within an institution" and one of the great teachers of architecture of his generation, who this Tuesday was honored by some 200 former students—the great majority of them architects, planners and teachers—at a Manhattan gathering held in conjunction with the annual meeting of The American Institute of Architects. From all parts of the country Labatut-trained alumni converged upon the Princeton Club of New York to pay their respects to this remarkable, many-sided individual, known to one and all as "Labby," and at age 68 now on the threshold of retirement from the University Faculty upon completing 39 years of service.

Indicative of the French-born Labatut's achievements as a teacher, one of the highlights of the unusual gathering was the presentation to him of three albums of photographs of works done by his students since leaving his tutelage in Princeton's School of Architecture. Each of the 286 men now holding an M.F.A. degree earned under Labatut's supervision had been asked to contribute an 8"x10" photograph of what he considers his best work. This number included 45 currently teaching architecture in universities across the nation, five of whom are either departmental heads or deans of architecture in major institutions—M.I.T., Yale, R.P.I., and the Universities of Oregon and Virginia.

Work by Labatut, founding head of Princeton Township's Planning Board in 1948 and its chairman for a decade, has ranged over such projects as a master plan for the city of Paris, Princeton's Architectural Laboratory, displays for the first New York World's Fair, World War II studies in camouflage design, and research on church architecture involving the control of light in stained-glass windows. The prototype for The Church of the Four Evangelists he and painter André Girard conceived in the early 1950's evoked the highest praise from philosopher Jacques Maritain: "We are here in the presence of a great architectural and decorative conception, at once wholly traditional and wholly modern."

In recent years Labatut, whose career has extended into seven countries including his native France, Portugal and Latin American nations, has been the consulting architect for a number of educational institutions—Valparaisn University in Indiana, Concordia Seminary in Missouri, and Monticello College and Brethren Seminary in Illinois. He also inspected and made site recommendations for the new Mid-U.S.A. University in Indiana, while among his major local undertakings has been the exciting Stuart Country Day School of the Sacred Heart, described by one observer as an "exhiliarating addition to Princeton's educational resources."

Promoted in 1960 to rank of Officer in the French Legion of Honor, Labatut has thrice been Architect in Residence at the American Academy in Rome and is a former director of the American School of Fine Arts, Fontainebleau, France. In recent weeks he has returned to New Jersey headlines on the basis of a report he did in 1946. His contention—21 years ago—that part of New Jersey's original 1791 State House is in existence upset a pell-mell rush to build a new State House and has sent architectural historians back to the archives to determine whether or not the old State House in Trenton still stands and how much of it remains.

For his "continuous enthusiasm for, and dedication to, the teaching of architecture;" for insisting that the "machine age demands of the architect an even greater development of his creative power, and a greater sensibility;" for his accomplishments in the intertwined fields of architecture, urban planning, landscape architecture and industrial design; he is our nominee as

"WE HAVE A PROBLEM" Teenagers and Drugs. "I'm afraid we have a problem around town—and it's bigger than most people think."

"Serious? Of course it's serious! We know this situation has been going on. We need the cooperation of parents, the schools and judicial authorities to break it up. Somebody's got to break it up!"

The speakers are Township Police Chief James B. Campbell and Borough Chief Peter J. McCrohan, commenting on the latest series of incidents in Princeton concerning high school students and the use of drugs and marijuana.

Item. Six Princeton High School students, including a girl, were charged with possession of prescription drugs by Borough police last week after a cache of barbituates, amphetamines and sleeping pills were found in their car on Nassau Street. At least three were under the influence of drugs, police said.

One 16-year-old youth was staggering so badly and on the verge of losing consciousness from an overdose of barbituates that he had to be taken to Princeton Hospital. "His respiration was getting progressively weaker," police said. He was placed in the hospital's intensive care unit and released the next day.

All were off school grounds without permission. Police said they ranged in age from freshmen through seniors. Police were called to the scene when the students were leaving the car in front of Andy's Diner on Nassau Street, following a minor accident.

Item. The same day, last Tuesday, Princeton High School officials called police to report a sophomore had become sick in school. He was taken to Princeton Hospital and treated for an overdose of barbituates and later released. The youth was charged with possession and use of drugs.

Item. Last week, a 16-year-old Township youth, a high school drop-out, admitted to Township police that he had stolen and hidden in bushes in back of the Princeton Shopping Center two bottles of drugs. One contained a full ounce in powder form of pure amphetamine sulphate; the second contained 3/4 of an ounce of pure phenobarbital powder.

Detective Fred Porter said that the bottles could be "cut" to yield at least 1,000 capsules each. "We could have had a real vicious ring going, if this had not been found," he said. Police reported they also found three boxes of gelatin caps placed in an area, apparently secreted for later use.

The youth was charged by Township juvenile officer Walter V. Emann with two counts of larceny and possession of prescription drugs. (The going rate for a drug capsule for teenagers is 50 cents, according to police.)

Item. Three Princeton High School students, aged 17, 16 and 14, were charged the following day with possession of drugs. Police said they had in their possession about 200 pills, including drepressants with such drug names as Teractin, Marplan, Valium and an assortment of barbituates and amphetamines.

Item. A mother called Township police earlier this month to report there was something wrong with her 17-year-old son. The investigating officer could not control the Princeton High School youth. He called the family physician.

The family doctor, recognizing the symptons of a narcotics user, called a psychiatrist from the Carrier Clinic. Admitted to the clinic for treatment, the youth said that he had been experimenting with smoking marijuana. He was referred to Mercer County Juvenile Judge J. Wilson Noden for disposition.

All of the youths have been referred for disposition by Judge Noden. Police said they did not expect any rulings for two or three weeks.

CALLS FOR COMBINED EFFORT: Lt. Francis Maguire of the Borough Police stands next to a case containing more than 100 drugs, barbituates and amphetamines which the police use to identify capsules found on teenagers. Use of drugs and marijuana by Princeton's teenagers was in the news again this week and Lt. Maguire feels that the spreading problem can only be solved by a "combined effort" on the part of the parents, police and school authorities. (Staff Photo)

Source Sought. Alarmed at the amount of pills they had found in the student's car last week—all six refused to tell the police anything—Lt. Francis Maguire and Borough Juvenile Officer Ralph Procaccino were determined to find the source. Both worked all week on the case.

The source was uncovered with the apprehension of the youth hiding bottles of drugs behind the shopping center. He was observed by a Township employee hiding an object in a hedgerow of a park to the rear of the Sun Ray Drug Store and then returning to the store. The man became suspicious and called police. The police found the bottle of aphetamine sulphate.

Next day, police said, another bottle turned up in the hedge. In their investigation, Township police discovered the youth had been one of several hired by the drug store to load trucks with merchandise. (The Sun Ray Drug store in the Shopping Center has gone out of business.) Chief Campbell reported he had heard that in some areas teenagers apply for employment in a drug store so they will have access to drugs.

Police added that the 200-odd pills found in the possession of the three teenage boys also came from the Sun Ray Drug Store. The two thefts were separate cases, they said. Borough police also believe that the pills they found in the car on Nassau Street last week came from the same source.

From one youth, police confiscated a large volume entitled, "Physicians' Desk Reference." It contained color plates listing all the available drugs being manufactured today.

The pictures were exact duplicates of the size and color of each pill and capsule. On adjoining pages there were accounts of the effects of each pill.

Both police chiefs at their press conferences on Tuesday expressed their approval of the increased publicity being given to the problem. Both seem to agree that bringing the problem out in the open and the effects of drugs on teenagers might help prevent others from becoming users.

Not Just at High School. "This isn't just a problem at the high school," said Lt. Maguire. "This occurs any place where teenagers congregate. That's another reason why we want them off Nassau Street. They do it at dances — any place where they gather — and if they see a policeman isn't coming along, they pass it on."

Lt. Maguire also went on to point out how hard it is to make arrests at the high school level. "The kids are dealing right at their own level," he said. We can't send an agent into the high school to make a buy."

Lt. Maguire also said that the police would not use another teenager as an agent—even if one were to offer his services. "If he were ever found out, it would brand him as a squealer and might endanger his safety." He added that the

recent Supreme Court ruling that police must now also advise teenagers of their rights before making arrests or taking statements "makes it all the more difficult."

Instead of trying for convictions, he said, police hope to build up half a dozen circumstantial cases so that the parents and school authorities will realize the extent of the problem. "This has to he a combined effort. We've got ten wonderful cooperation from the high school, hut we need it from everyone."

OPEN HOUSE SATURDAY

At Community Park Pools. There will be an Open House for the public from 10 to 4 Saturday at the new Community Park pool complex.

The Joint Recreation Department, in unveiling the long-awaited pools, invites everyone to come, inspect and ask questions. The event will be highlighted by a swimming and diving exhibition at 1 by Robert Clotworthy and Robert Webster, Princeton University swimming coaches.

Season permits may also be purchased during the open house. Available to residents of the Borough and Township only, they cost $40, family; $25, husband and wife; and $15, individual.

Almost forgotten are the periods of travail and frustration that dogged the Joint Recreation Board as it oversaw the design and construction of the pools. Now the moment is at hand and the Commission and its director, R. Donald Barr, are justifiably proud of the end result.

The complex — junior training pool, diving pool and main olympic pool — is the largest outdoor deck level pool complex in the country. The L-shaped, 1,200 square-foot training pool has depths measuring between six and 18 inches.

The diving pool has two one-meter boards and one three-meter board. It ranges from nine to 18 feet deep and contains 2,400 square feet.

One is immediately struck hy the immense size of the main pool. It measures 164 feet long (50 meters) and 75 feet wide. Eight tile swimming lanes can accommodate any official olympic meet. In addition, there are eight swimming lanes across the width so that competitive meets could he held with over half the pool remaining open at the same time.

Constantly Overflows. What is a deck level pool? Unlike a conventional pool which looks like an enlarged bathtub with the water level some six to eight inches below the rim, a deck level pool is filled to the extreme top. The water constantly overflows into slit-lined coping around the perimeter of the pools, is fed to filters and returned. Eliminated is the straining and tugging needed to pull oneself out of a conventional pool.

To compliment the pools there are fully-equipped bathhouses for men and women. Showers, dressing booths and rest rooms are available. Belongings may be kept in coin-operated steel lockers.

A playground for tots which contains a sliding board, swinging gate, sand box, merry-go-round and bouncing animals is designed to keep children occupied and from straying over to the deep pools. This playground and training pools are fenced off from the rest of the complex. Also on hand will be a full staff of trained life guards.

TO ASK VARIANCE

For University Housing. Princeton University will appear Thursday night before the Township Zoning Board to request a floor-area variance for the 230 apartments planned for married graduate students on Alexander Street.

University plans call or a net floor area of 674 square feet for each unit. The present zoning ordinance requires 1,000 square feet, net.

PROTESTS NUMEROUS

On Master Plan. The first public hearing on the Borough's new Master Plan was held Tuesday night in Borough Hall. In response to request — demand, rather — a second hearing will be held next Tuesday, May 23, at 8 p.m., also in Borough Hall.

More than 200 Borough residents overflowed the big, shabby main room at Borough Hall for the meeting, and a lot of them seemed to feel that the Planning Board hadn't allowed enough time between publication of the Plan last week, and the hearing Tuesday night. Hence the second hearing.

A petition circulated the room during the early part of the evening asking the Board to hold off any action until the first week in October. L. Scott Bailey, 90 Cleveland Lane, urged the October date, and many supported him.

"This town won't sit still between now and October just because somebody has five months vacation on Cape Cod!" protested Minot C. Morgan, Jr., 36 Mercer Street.

Arthur P. Morgan, Planning Board chairman, assured the other Mr. Morgan that the Board had no intention of waiting until October to act. He also emphasized repeatedly that, although the Planning Board can legally adopt the Plan, only Borough Council can implement it.

Growth Questioned. Apart from the question of timing, key questions raised at the hearing Tuesday night were: Does Hodge Road have to be a four-lane artery? Why not public transportation in Princeton? Can't we do even more to keep the Borough from growing?

The Planning Board presented a picture of a community at bay, desperately trying to resist outside pressures of population and traffic.

Norman Williams, Board member, said population projections show Princeton (Borough and Township) growing from 22,000 to 37,000; Montgomery-Hills borough from 11,000 to 35,000; West Windsor-Plainsboro-South Brunswick from 15,000 to 84,000.

Albridge C. Smith III, 62 Hodge Road, said there was too much speed on Hodge already, and that to widen the road when no by-passes exist would be to invite even more traffic. "If it gets too tough for people to drive into Princeton," he said, "maybe they won't come," and the audience cheered.

The Outside Grows. But Chairman Morgan reminded the audience that Rosedale is on the Township's Master Plan as an arterial road, and he ticked off the institutions that have sprung or grown in the last five years, all of them using western section roads: Princeton Day School, Johnson Park School, Western Electric, Educational Testing Service. "We can't act as though this situation didn't exist," he commented.

Mayor Henry S. Patterson told the audience that he and Council have no present money or inclination to widen Hodge, or indeed to move ahead with a re-alignment of Alevander. It is high time people realized what can happen to Hodge if we can't get rid of cars some other way," he said.

C. McKim Norton, via letter, protested the "arterial grid" as an invitation to "through" traffic to use Princeton. He also protested what he called the Plan's lack of regional thinking.

Jitney service or some other kind of public transportation, was proposed frequently. Chairman Morgan said the Board hadn't considered it, "but perhaps we should." Mayor Patterson observed that a Chamber of Commerce survey five years ago seemed to show that nobody would use jitneys if they existed.

A completely opposing view was taken by Charles Agle who stated, by letter, that he thought all bus franchises in the Borough should be curtailed, and that the Borough should certainly not have a bus terminal as suggested by the plan.

"Encouraging buses through the Borough is like inviting the Pennsylvania Railroad to shift its track to Nassau Street," Mr. Agle said.

Close Washington? He also wants Washington Road closed off, and not merely depressed, as the Plan proposes.

One member of the audience suggested that all main arteries, north-south and east-west, be not only depressed, but tunneled. These could also be bomb shelters, he added. Chairman Morgan, somewhat shaken, said tunnels might be expensive.

Residents of Greenholm protested the area's inclusion in a "medium density" zone. Raymond May, professional planner for the Borough, assured them that apartments there were a long, long way off, would be low-density anyway, and would require a change in the zoning ordinance.

Ann Ryan, of Lincoln Court, suggested that the center of town needed green space as much as Greenholm. She also told the Board that many people living in the center of town would use public transportation if it existed.

Chairman Morgan emphasized the Board's desire to have apartments in the Borough: "We want to get back into town the kind of people who can't now afford to live here," he said.

Fred Blaicher, for Palmer Square, Inc., suggested an economic study of the central business district, with a possible analysis of "high-grade" apartments. Palmer Square believes, he said, that any parking garages would have to have more "bulk" above — stores, apartments — to make them economical.

Ridgley Cook, for the Chamber of Commerce, read off a list of Chamber reservations about the plan. Mostly, the Chamber thinks the business district shouldn't be restricted. The Chamber favors multistory parking garages — on Borough owned lots first, to see how they go.

C. Wallace left little doubt in the minds of the 2500 students attending his Thursday night speech in Dillon Gym that he plans to run for president in 1968. Despite two walkouts and occasional hoos, the overflow audience remained orderly throughout the speech.

Pervading the ex governor's speech was the assumption that he would run for the president in 1968. At one point after a loud hoo, he said, "I'm just testing ideas so I'll know what not to say in '68". Another time he explained why he could win a presidential race: "All I have to do is get 34% of a state's votes and, if the Republican and Democratic candidate each get 33%, I'll get all that state's electoral votes."

Some 50 State Police, Borough police, university police and proctors were on hand to prevent a duplicate of the reception given Mr. Wallace at Dartmouth, during which he was forced off the podium and he was mohhed. All spectators were "frisked" as they entered the gym and elaborate security measures were used to camouflage Mr. Wallace's exit from the gym through a side door into an unmarked car.

Two separate groups staged silent workouts from the gym. The Wallace Protest Committee about 120 students — departed after Mr Wallace was introduced. Later, about 150 members of the Princeton Association of Black Collegians and the Students for Democratic Society walked out during the course of the speech.

Not Freedom, Treason. Mr. Wallace attacked academic freedom if it permitted a professor to advocate a Viet Cong victory or students to raise money and supplies for the North Vietnamese. His statement, "That's not academic freedom; that's treason," brought him the largest ovation of the evening.

He also attacked the Supreme Court, saying that "the nine old men on the Supreme Court have played God.." Not only did he resent the Court's intrusion into civil rights but he felt that the Court was responsible for a major rise in the crime rate.

He condemned the Court's recent decisions on a criminal's right to counsel, asserting, "If you're knocked on the head in the street, the criminal is out of jail before you get in the hospital." He added, "If I were president I'd give the police my moral support in their fight against crime."

Mr Wallace, whose wife is the present governor of Alabama, felt that through his political platform he was allied with working class America. Attacking "moron intellectuals" for establishing guidelines for the common people, Mr. Wallace said, "Go to the textile mills, go to the small businessman, you'll find these people are tired of guidlines."

The ex governor was hooed loudest and longest when he said "Dartmouth is a fine institution." He explained that it was only a very small minority that had causeed the near-riot when he tried to speak there earlier this month.

Mr. Wallace also attacked those people who called him a racist. After outlining his idea of state's rights and explaining that his actions in Alahama were never against the Negro but rather against federal interference in a state problem, he said, "I have never made a speech in my life reflecting on anyhody hecause or race, religion or national origin."

Some Disturhaoces Occur. Although the former governor's appearance here was virtually decorous in contrast to his reception at Hanover, where the uproar in the auditorium prevented him from finishing his address, his six-hour stay in Princeton did not pass without incident. Among the happenings that caught the ears and eyes of several dozen newsmen, photographers, radio and television crews:

● A line of 42 pickets marching in front of Whig Hall, where he held a press conference that later was nationally televised. When he left the conference to cries of "Sieg Heil," he smiled as he returned a Nazi salute.

● An effigy of Mr. Wallace, burned in the rain near Brown Hall by one of the groups which walked out on his address.

● Considerable pushing and shoving by a crowd estimated to run as high as 4,000 outside Dillon Gym, much of it charged to the manner in which police sought to keep order. Captain Eugene Olaff, directing the 75-man squad of State Police, on hand to maintain order, claimed that police action was designed to keep those nearest the gym from being crushed against the walls. No injuries were reported.

● A minor skirmish between white and Negro youths which broke out briefly in the gymnasium after Mr. Wallace had departed (via a second car while another, more prominently displayed, served as decoy.) Upwards of a dozen boys threatened to start a fair-sized battle before State Police broke up the action, making three arrests. (For reaction of the John Witherspoon Civic Association to the incident, see Mailbox, page 25.)

WE WANT A LIGHT!

At Elm-Rosedale. In response to an advertisement in last week's Town Topics, 93 people have said, "yes, we want a traffic light at the Elm-Rosedale intersection."

The advertisement was inserted by William A. Augustine. In it, he invited the signatures of anyone who feels as he does about the dangers of the intersection.

These signatures authorize Mr. Augustine to include the names in a petition to Miss June Strelecki, director of the State Division of Motor Vehicles.

Mercer County has already approved installation of a light at the corner, but the state hasn't yet acted. Borough Engineer Thomas Cawley has estimated that it might take a month or six weeks for state machinery to grind into action.

Mr. Augustine is still accepting names for his petition, and will not mail it off until next Monday. His address is Rosedale Road, Princeton.

THREE HOMES ENTERED

Sunday In Township. Three Township homes were entered Sunday and ransacked.

The Winant Road home of Harold W. Fehr was entered in the afternoon. The west side of the home was entirely ransacked, according to Township detective Fred Porter. He said that entry had been gained by jimmying a door of a recreation room off the side of the house. Taken were articles of jewelry including rings, pins and a watch, all of which the owner valued at $3,350..

The home of Francis M. Austin Jr., 27 North Road, was entered between 1 and 4 p.m. The operation was similar to that of the Fehr entry: forced door, house ransacked. The Austins' loss included a television set, jewelry, a mink jacket and a book of Princeton Bank and Trust checks imprinted with Mr. and Mrs. Austin's names. Total loss was $1,224.

A master bedroom of the home of Warren W. Shew, 50 Calbreath Drive E., was ransacked by a burglar who gained entry by forcing a rear door. Detective Porter said police do not know what was taken, pending a report from the owners.

Also on Sunday, Angel M. Marquez, an employee of the Princeton Inn, told Township police that his room in the employee's dormitory had been entered between 12:30 and 9 p.m. He reported that his watch, ring, a $20 bill and articles of clothing were missing. His loss totaled $230.

SERVICE REWARDED

At Red Cross Banquet. The annual Princeton Red Cross dinner-meeting featured the presentation of service awards to Red Cross veterans. Twenty-four volunteers received prizes for their years of service.

Arthur Curtiss, chairman of the United Fund-Red Cross 1966 Campaign, was given a Red Cross Citation for his leadership of the fund drive. A 30-year pin was presented to Mrs. Everett C. Jessup whose volunteer service began with the British Red Cross in 1916.

Mrs. Arthur Buddington, Dr. Erling Dorf, Mrs. J. Leonard Moore and Mrs. Geoffrey Sage received 25-year pins and two workers, Mrs. Myrtle Bigelow and Mrs. John Perrine, received 20-year pins. Pins for 15 years with the Red Cross went to Mrs. Elmer Grecy, Mrs. Jacques Honore and Mrs. Alan Tredennick and Mrs. Dan Davis a 10-year pin.

Mrs. R. M. Archer, Fred Blaicher, Mrs. John Burbidge, Mrs. Harris Colt, Mrs. V. Terrell Davis, Mrs. Howard Feist, Mrs. G. Otalora, Mrs. Francis Ryan, Mrs. J. M. Shannon, Mrs. George Sterling, Mrs. Douglas Taber and Miss Mildred Weigel received 5-year pins.

Elected to Chapter offices were: William Cosby, chairman; Joseph Catelli, first vice-chairman; Mrs. Davis, second vice-chairman; Mrs. Blaicher, third vice-chairman; Mrs. Gardner Allen, secretary; John Hoff, treasurer; Mrs. Norman Kelley, assistant treasurer; and Charles Farrington, solicitor. Named to the Board of Directors were: Jerald Hanks, Mrs. Robert Miller, Jack Owen, Mrs. Tredennick and Mrs. Wilson Coan.

FIVE ARE FINED

In Borough Court. Five Princeton area drivers were fined Monday by Borough Magistrate Theodore T. Tams Jr.

Fred D. Scheetz, 19, 32 E. Welling Avenue, Pennington, and Richard L. Sorota, 21 Princeton University student, were fined $15 and $10 for failing to keep right at an intersection. Speeding cost Hector M. Berrios, 18, Canal Road, $20.

Christopher D. Jones, Colonial Club, University campus, paid $15 for using expired plates, and Dorothy Tobolsky, 16, 191 Snowden Lane, paid $12

THE SUN CAME OUT on Saturday for the Princeton Day School Fair, one of the prettiest in years. The day's steady crowds ate 56½ pounds of roast beef sandwiches, nearly 1,000 hot dogs and broke seven tons of china (52 cartons of Lenox). A guesstimated $16,000 was grossed. The figure isn't firm because the treasurer put the money in the bank and promptly left for Oklahoma with the deposit slip in his pocket. Fair chairman this year was Mrs. Stuart V. Willson. SWEEP YOUR WALK!

Borough Means Business. Litter on Nassau, Witherspoon and other business streets has reached such proportions that the Borough has begun reminding merchants that a dirty sidewalk is against the law.

A fine of $100 or 30 days in jail is a possibility for violators under terms of the litter ordinance. Borough Administrator Robert F. Mooney has mailed copies of pertinent parts of the ordinance to property-owners reminding them of Borough concern.

Some merchants own the buildings in which their businesses are located, some rent the premises from landlords. The letter from Mr. Mooney asks landlords to make arrangements to see that business tenants keep the sidewalks swept.

"Some of the merchants or owners within this area continue to sweep their sidewalk daily in an attempt to keep the town clean and appealing to customers and out-of-town visitors. Others have neglected this, week in and week out, so that the central business area is losing its attractiveness."

TWO YOUTHS KILLED

At Stony Brook Bridge. Two Hamilton Township youths were killed suddenly and violently Friday afternoon when their motorcycle skidded and struck the side of the Stony Brook Bridge on Mercer Road.

Police identified the driver as Timothy MacFaden, 18, a senior at Hamilton High West who would have graduated next month. He was a pitcher on the Hamilton baseball team.

Seated behind MacFaden was Jame R. Webb, 20, who also had attended Hamilton High School and was an employee of Circle F Industries in Trenton. Neither was wearing a crash helmet. In all, six persons were killed in motorcycle accidents in the state over the weekend.

Sgt. Jack Petrone conducted the investigation for the Township police, called to the scene by a passing motorist. Police believe the cycle leaned over so far to one side as it approached the sharp curve leading to the bridge that two or three points of the cycle made contact with the road. "These acted like a fulcrum and sent the cycle skiding off the road the cycle skiding off the road," said Police Chief James B Campbell.

The two riders were hurled against the wall of the bridge and killed instantly. They were pronounced dead at the scene by Dr. T. C. Tan of Princeton.

Falling Ink Causes Crash. In the Borough, Dorothy C. Zelesko, 25, of Hatboro, Pa. was injured early Tuesday morning when her car swerved on Will lam Street and struck a tree. She was treated at Princeton Hospital for lacerations of the upper lip, right knee, and contusions, and released.

Miss Zelesko told Ptl. John J. Bellow that she had reached over to pick up a bottle of ink that had fallen to the car floor and whea she looked up she saw that she was headed for a parked car. She added she swerved to avoid the car and hit a tree. Ptl. Bellow ticketed her for careless driving.

Two University students were treated at McCosh Infirmary on campus for head bumps which they received Monday afternoon when their convertible sport car was rammed from behind on Prospect Avenue.

Anthony J. Trumba, 23, of Marlton, and Richard Hevener, 21, Graduate College, his passenger, were treated and released. Mr. Trumba was charged with having no license and registration in his possession by Sgt. Arthur Gallant.

Mrs. Edward R. McConnell, 42, 45 Knoll Drive, told Sgt. Gallant she did not see the Trumba car stopped, waiting to make a left torn into the drive of the Institute for Defense Analyses building. The resultant collision, for which Mrs. McConnell was charged with careless driving, pushed the Tromba car forward 28 feet.

Hits Car Door, Flees. John A. Rockle, 56, of Stanhope, was charged wih leaving the scene of an accident by Township police, after he struck a partly opened door of a parked car on Witherspoon Street. Mr. Rockle was apprehended in Montgomery Township early Sunday about three and one-half miles from the scene.

Mr. Rockle's car badly damaged the door and side of a 1966 car owned by Leroy Milligan, 48, of Somerset. Mr. Milligan was treated at Princeton Hospital for a contusion of his left ankle. Police quoted witnesses as saying the Rockle car was traveling at a high rate of speed prior to the mishap.

TOO FAST . . . TWO LIVES . . . and too bad, in the opinion of the investigating Township Police, that all motorcycle drivers in the Princeton area could not have viewed the bodies of these two Hamilton Township youths who were killed Friday when their speeding cycle struck the wall of the Stony Brook Bridge. The accident happened during a sondrenched afternoon, the road was dry and there were no skid marks. (Staff Photo)

The same day, at 10 p.m., Julie A. Taylor, 17, 3 Ziff Lane, Princeton Junction, was involved in a single car accident on Washington Road at Faculty Road.

She told police she was driving about 35 or 40 miles per hour when she saw two people crossing Washington and she did not think she could stop in time. She applied her brakes, veered to the left, hit a pole and damaged a portion of a wooden fence owned by the University.

Miss Taylor was treated at the hospital for a cut lip and minor head and back injuries. The entire front end of her 1966 car was damaged and its roof was dented and scraped.

ANNUAL PARADE SET

On Memorial Day. Princeton Post 76, American Legion, is making plans for its annual Memorial Day Parade. The parade will once again form on Princeton Avenue at 10:30 and step off promptly at 11.

The line of March will proceed up Nassau Street to the vicinity of the Battle Monument where it will disband. Construction at the new Borough Hall will postpone decision as to the exact finishing point until a later date.

Bands from Princeton High School, Fort Dix and various veterans' organizations will participate in the affair. Interested groups should contact parade chairman D. Don Richards as soon as possible.

OPERETTAS AND CRAFTS

At Princeton Day School. Two original operettas will be presented at the Princeton Day School Friday from 7:30 to 9:30. The second grade will present "Joji and the Dragon" and the fourth grade will present "4 by IV" — both with music by Mrs. Richard Gilbert.

Complementing the Lower School operettas will be an open house sponsored by the Industrial Arts Department. Some 40 students will participate in this demonstration of arts in a dozen different skills.

Sixth grade students will work at drafting, as ninth to 12th grade boys draw architectural plans. Boys in grades five to eight will demonstrate work in the foundry, the forge area, in sheet metal and on the metal lathe.

HERE'S WEST WINDSOR: Mrs. Daniel E. Rosner holds a copy of the new township guide prepared by the League of Women Voters. "KNOW WEST WINDSOR"

New Booklet Out. A handbook for West Windsor Township, in preparation for 18 months by the West Windsor Unit of the League of Women Voters, will go on sale this week at the Thorne Pharmacy, Princeton Junction. It will also be for sale at the West Windsor PTA Fair on Saturday.

Edited by Mrs. Daniel E. Rosner and a group of ten "chapter chairman," the booklet gives the history of the township, describes the machinery of township government, its planning and zoning laws, school and library system, recreation facilities and so on.

A business directory is also included, and so is a list of churches and organizations, municipal officials and numbers to call for special services and information.

The cover of the booklet was drawn by Daniel E. Rosner, husband of the editor and a graphic artist in his spare time. The cover gives a woodcut effect and shows many familiar West Windsor sites.

Chapter chairmen were Mesdames James McDowell, Marvin Reed, Robert Duncan, George Marr, William Stuart, Edward Schluntz, Robert Rugen, Joseph Pilaro, John Thompson and Jerome Edelson.

Others who assisted were Robert Prigge, architect, who prepared an up-to-date map for the booklet, and Mesdames Jack Dibb, Jack Felman, Ronald Mac Pherson and Harold Cherniss.

Everyone over 18 years of age will be listed, and the number of children in each household under 18 will be given.

The field office for the Polk Directory is in the rear of 175 Nassau. The telephone number is 924-1273.

WINDOW BROKEN

At Cousins Liquor Store. A small window on the archway side of Cousins Liquor Store, Palmer Square, was broken Monday night.

Police were notified by the owner, Byron Crandall, that two bottles of whiskey and a fifth of champagne were missing. This is the second incident in less than a month in which the window of a Princeton liquor store has been broken and bottles taken.

In another window-breaking case, Roy Jackson, 8 Stockton Street, called police to report that a small window on the second floor had been broken by stones. Two juveniles were reported to have been seen fleeing the area.

Bach's "Der Herr Segne Euch" will be the initial offering of the male chorus which will then present several pieces by Randall Thompson. The High School Girls' Chorus will perform several works including "Nightengale" by Thomas Weelkes and "La Poeta Fine Sage" by Poulenc.

The choir will close the program with the Stravinsky mass "Cantique" and "Mozart's "Praise Ye the Lord." William Trego will direct the choirs and Mrs. Nancianne Parella will provide accompaniment.

SPORTS *in Princeton*

TIGERS BLANK NAVY

Fremuth Hurls 3-Hitter. Playing its best baseball of the season at Annapolis Tuesday, Princeton shut out Navy, 4-0, behind the three-hit pitching of sophomore Mike Fremuth.

A four-for-four performance by outfielder Phil DeSantis provided the power the Tigers needed, as he contributed a triple and a home run to the victors' nine-hit attack. His three-bagger and Tom Pepler's single in the first gave Princeton an early lead, and his homer with Doug James a board in the sixth sewed it up. Losing middie hurler Rick Buchanan had a 6-1 mark going into the game.

PHS NINE LOSES, 4-1

To Notre Dame. Princeton High School suffered its fifth setback against six wins Tuesday afternoon when it was defeated by Notre Dame, 4-1.

The best offense the Little Tigers could muster was an unearned run in the fifth that was the product of a walk, stolen hase and an error. Irish hurler Joe Drulis limited the losers to six hits, two by Jay Springer who upped his batting average to well above .400

Tommy Wood (3-6) started on the mound for PHS and went five and one-third innings before giving way to Thom Yoder who got the last two outs. Wood was the victim of some loose play in the field — three of Notre Dame's runs were unearned — but he had largely himself to blame. Of the four PHS errors, Wood was responsible for two.

Wood was more effective at the plate. He got his team's only extra base blow, a double.

EWING STREAK HALTED

By PHS Tennis Team. Ewing High School's previously unbeaten tennis team went down to defeat here Tuesday afternoon at the hands of the Princeton High School net squad. The score was 4 to 1.

Scott Stoner, Ewing's undefeated ace, turned back Henry Sommers, Princeton's number one singles player, in straight sets, 6-1, 6-2, but Ted Fritsch repaid Ewing in kind. In the number two singles match, Ted upended previously unbeaten Marty Hirsch, 6-4, 3-6, 6-1.

Coach Bill Humes reported that freshman Bill Liederman continues to surprise with his fine singles play. Liederman defeated George Massey in straight sets, while the doubles teams of Bill Carroll and Ted Ford and Scott Raaum and John Panzer won — again in straight sets Raaum and Panzer are undefeated.

Monday's scheduled match with Peddie was postponed until May 2. Rains had left Peddie's clay courts in an unplayable condition.

TRACKMEN EDGED, 65-61

Trenton Here Thursday. Princeton High School's track team traveled to Somerville Monday and lost a close 65-61 decision on a rain soaked and muddy field. Its record is now 4-3.

Each team scored seven first places, but PHS had six seconds to eight for Somerville. The figures were reversed for third place finishes.

On Tuesday, PHS easily won a dual meet with Lawrence, competing in track for the first year, even though it used only freshmen and junior varsity performers. The meet was considered a junior varsity event.

Thursday, Trenton will come to town for a makeup meet at 3:45 and on Saturday PHS will participate in the Southern Division Greater Jersey Conference for Group 4 schools to be held at Ewing, starting at 12:30. Hamilton will be here Monday and to round out a busy week the Blue and White will participate in the New Brunswick Invitational meet on Wednesday.

THE ARTIST'S CORNER at the Princeton Hospital Fete on June 3 will feature portrait sketches by Charles T. McVicker, prominent Princeton artist. Above, he gives Marina Cords a preview.

There will be wind chimes, fish lanterns for soft lighting and decorative fly swatters.

Also on sale will be a wide selection of shrubs, plants and small trees. There will be herbs, lemon trees and exotic trees, through the assistance of Obal Garden Market, arranged in an appropriate garden setting.

During the evening, members of the club who attended the Pittsburgh Regional Conference will report on their experiences. The by-laws and constitution of the Soroptomist Federation will also be discussed under the leadership of committee chairmen.

Obituaries

Barnett Warner, 83, of 98 Olden Lane, died on May 15 in Princeton Hospital after suffering a stroke several weeks ago. He was for many years an attorney for the United States Federal Trade Commission.

A native of Newark, Mr. Warner attended the public schools there and entered his father's wholesale grocery firm, which he subsequently expanded with a partner, Lloyd Curtiss of Cleveland, into the American Grocers' Society. He withdrew from the firm after World War I and entered Rutgers University Law School, then known as the New Jersey Law School. Graduating in 1923, he was in private practice for several years before joining the Federal Trade Commission as an investigating attorney. He retired in 1954.

During 1937 and 1938, the Commission granted him a leave of absence in order to head the New Jersey Institute of Wines & Liquors, a trade association composed of national distilling companies. In recent years, he was active in real estate. He was a member of First Presbyterian Church, the English-speaking Union and the Princeton "Old Guard."

Surviving are two sons, A. Cyrus Warner, until recently an assistant professor of history at the University of Texas, and Miles Warner, a Philadelphia attorney, and three grandchildren.

The service will be held at 2 p.m. this Friday in the Niles Chapel of First Presbyterian Church. There will be no calling hours. Arrangements were made by the Mather Funeral Home.

The service was held at the Cromwell Memorial Home, Hopewell, the Rev. Lester Fetter, pastor of the Abbington, Pa., Lutheran Church, officiating. Burial was in Forty Fort, Pa.

Miss Lillian F. Wakefield, a teacher in the Princeton School system for 36 years, died on April 22 in the Delaware County (Pa.) Memorial Hospital. She lived at 3646 Rosemont Avenue, Drexel Hill, Pa.

A native of Waterville, N.Y., Miss Wakefield taught third grade in Princeton until her retirement in 1947. She lived in Drexel Hill for several years, where she was a member of the Broad Street Methodist Church and its Women's Society of Christian Service. She was also a member of the Mayflower Association.

Nieces and nephews survive.

The service was held in Drexel Hill, the Rev. Thomas A. Buttimer officiating. Interment was in Arlington Cemetery. Princeton friends are contributing in her memory to the Irving W. Mershon Scholarship Fund, c/o the trust department, First National Bank of Princeton.

News Of The CHURCHES

NEW EPISCOPAL CHURCH?
Discussion Meeting Set. There will be a covered dish supper and meeting at 6 p.m. this Sunday in the cafeteria of the Cranbury Public School to discuss the growth and strengthening of the Episcopal ministry in Hightstown, Cranbury, Princeton Junction, West Windsor and nearby areas.

According to the Rev. Harry I. Lauer, vicar of All Saints' Chapel, "After several meetings with clergy and laity from several churches it was decided to bring together all Episcopalians, regardless of what congregation they presently attend, for a supper and discussion."

All interested adult Episcopalians are invited to attend and to bring a covered dish or to make a small donation to cover food expenses. Information about the supper may be obtained from Mrs. H. G. Andrews, 395-0686. The Cranbury School is located half a block from the Cranbury Methodist Church on Main Street.

APPOINTMENTS MADE
By Princeton Seminary. President James I. McCord has announced faculty appointments at Princeton Seminary.

The Rev. Dr. Diogenes Allen, a member of the York University faculty, Toronto, will assume the post of associate professor of philosophy this fall. A former Princeton University National Fellow and Rhodes scholar, Dr. Allen received his doctorate from Yale University. He was minister of the Windham, N. H., Presbyterian Church for three years.

The Rev. Dr. Cullen I. K. Story, former missionary in Lebanon now serving on the faculty of the College of the Ozarks, will become director of summer language programs and assistant professor of New Testament.

He holds a master's degree from Johns Hopkins University and a doctorate awarded summa cum laude by Princeton Seminary in 1964.

Assistant professors James Lapsley and James Loder were promoted to the rank of associate professor. Dr. Lapsley, whose appointment takes effect this fall, is a graduate of Southwestern University and Union Seminary, Va. He holds a doctorate from the University of Chicago and was a resident for a year at the Menninger Foundation, Topeka.

Dr. Loder, an alumnus of Carleton College, is a member of the class of 1957 at Princeton Seminary. He received his doctorate from Harvard University and was a research fellow at the Menninger Foundation in 1961-62.

The Seminary also promoted the Rev. Dr. W. Malcom Clark, an instructor in Old Testament for the past wo years, to the post of assistant professor. A graduate of Harvard College and Yale Divinity School, Dr. Clark was in residence at Hebrew University, Jerusalem, for a year after receiving his doctorate from Yale in 1964.

REV. CHANDLER RESIGNS
Takes National Post. The Rev. Ralph C. Chandler, associate pastor of First Presbyterian Church, leaves on June 30 to become executive secretary for international affairs in the Office of Church and Society of the United Presbyterian Church.

His new work will bring him in close cooperation with the denomination's Commission on Ecumenical Mission and Relation as well as with the National and World Councils of Churches. His duties will include contacts with the United Nations and with United States government agencies related to international affairs and work in relevant programs of the International Affairs department of the National Council of Churches. He will provide the denomination with information and analysis concerning developments in international affairs as well as provide United Presbyterian staff representation in the ecumenical approach to issues of international affairs.

The Rev. Mr. Chandler came to First Presbyterian Church in 1965 as an assistant pastor, becoming associate pastor last year. A graduate of Stetson University and Union Theological Seminary, he holds master's degrees in theology from Princeton Seminary and in political science from Rutgers University.

TO PRESENT "NOAH"
With Puppets and Music. A musical puppet show, based upon the story of Noah, will be presented at 5 p.m. Sunday at First Presbyterian Church by 35 young people in the 4th, 5th and 6th grades of the Church School enrichment program.

The animals, who enter the ark two-by-two, have been created by the children as pole puppets of papier mache. Noah and his family are hand puppets. There are singing and speaking parts, choral numbers and accompaniment by a small orchestra, with all parts taken by the children.

The project is the creation of Mrs. Stanley Taylor. Collaborators on the play are Miss Louise Gross of the New School of Music Study and New York composer Lynn Olson.

Soloists include Julia Sly, Cynthia Reiche, Brad Sensenbach, Bruce Leksa and Robert Spaulding. Instrumentalists Janet Leksa, Ken Tamashiro and Bill Schilling, all from the enrichment program, and a guest artist, harpist Marian Rian from the high school department.

Miss Gross and Mr. Olson, who have been rehearsing the children, will be on hand to direct the performance. Mr. Olson's award-winning school radio series, "Make Mine Music," was used for several years in the Nassau Street School music program.

The 5 p.m. performance will be given for the general public and students of the Westminster Choir College and Princeton Seminary. The puppet show will be repeated at 7 p.m. for First Church families following the Family Night dinner.

50
years ago today
we received our charter

That's right. May 17, 1917 was the big day — the day the state of New Jersey approved the organization of the Princeton Building & Loan, which, over the past half-century, has served thousands of savers and borrowers as it grew into today's insured Princeton Savings & Loan. The proud P/S shield has come to mean service, safety, security and the area's highest dividend rate for savers. If you counted more than 50 of them above, don't think we goofed. There's one to grow on, and we've got a lot of growing in mind.

The Dice Are Loaded.

To the Editor of Town Topics:

The tactics of the Establishment in their dealings with the Westminster Choir College have reached a new low with the announcement that a traffic count will he used to determine whether the Establishment will honor its agreement with the school. The plight of the educational institution was brought about by unsavory maneuvers by the Establishment. This unfortunate bit of history makes the present proposal all the more unpalatable. The alarming feature of this idea is that no committee will have to debate the issue—na chairman of the board will have to wrestle with his conscience; the problem will be resolved by reading an amoral meter.

It must by now be painfully apparent to the Choir College that the "take" of the Establishment is governed by loaded dice.

Red Tape vs. Red Lights.

To the Editor of Town Topics:

I am increasingly appalled by the amount and kind of red tape involved in the installation of traffic lights and other traffic safety measures in and around Princeton. Mr. Augustine's petition is a case in point: that the residents of this area and the many people who come here to work have to get down on their knees and beg for safety devices is preposterous.

In fact, I am more and more amazed at the number of traffic accidents in a town of this size. It seems to me basic to the safety of all that adequate provision be made for protection, "surveys" to the contrary notwithstanding. Why do we have to wait for grim statistics to "prove" that a traffic light is necessary? How many committee meetings, letters, petitions, accidents and deaths are needed before even the simplest measures can be taken?

If traffic lights are so "expensive," (and this is the usual reason given for denial of requests), then where is our customary American ingenuity for designing less expensive equipment? Even signs (and I assume it takes many meetings, memos, etc., before these can be approved) are not being used as effectively as they could be.

The Route 27 bridge at Kingston is an example; the present signs are woefully inadequate and the motorist is almost on the fateful turn and the narrow bridge before he realizes how dangerous the situation is. Since it will be a year or two before the proposed realignment is completed, why could there not be bigger and better signs installed there in the meantime? The same thing applies to the quaint but lethal Stony Brook bridge.

Many of the full stop signs and other markers are obscured by shrubbery and trees; is there no procedure for making these signs visible at all times of the year?

Perhaps part of the problem lies in the laws and procedures that were set up in an earlier day, when there were fewer cars on the road (regulations made ten years ago, for example, could be inappropriate and antiquated today!). If this is so, can't we have these procedures made realistic to take care of today's needs?

Why can't townships and other local entities have more say in the safety devices needed on so-called "county" or "state" roads that are actually streets within the town? Do the urgent needs of Princeton always have to depend on the workings of bureaucratic machinery in the county seat or the state capital?

NOTICE

TOWN TOPICS will make every effort, based on space limitations, to publish up to 500 words of any letter on a subject directly affecting the Princeton area. Because of the volume of news which must be covered at the community level, letters on topics of a national or international nature cannot be considered.

Letters to Mailbox should be typewritten if possible, double-spaced, and must be signed for publication. Those received later than Monday afternoon may be held for use the following week.

If 206 is really a state highway, why isn't the state doing a better repair job on the great potholes in the Bayard Lane area? "Repair," these days, seems to mean a few shovelfuls of filler which is washed away by the next rain and worn down by thousands of cars!

Many of the Princeton streets are in a similar state of disrepair. Cleveland Lane, Moore Street, and others could stand closer inspection. Rosedale Road, of course, is "county" (I believe); its condition is unbelievable.

Police Action Criticized.

To the Editor of Town Topics:

The John Witherspoon Civic Association, on behalf of the youngsters; parents of such youngsters, the neighborhood and the town of Princetin, N.J., hereby apologizes for the manner in which our children conducted themselves at a rally sponsored by the American Whig-Clisophie Society of Princeton University, for the former Governor of Alabama, George Wallace, on the evening of 11 May 1967.

However, the John Witherspoon Civic Association, on behalf of the youngsters, parents of such youngsters, the neighborhood and the town of Princeton, deplore and abhor, the over-zealous manner in which the State Police conducted themselves in quelling a blatant group of youngsters. Physical force was used to eject these youngsters from the Dillon Gym, when derogatory verbal and chair swinging episodes commenced between caucasian and negroid individuals present. Youths were beaten, kicked and bodily picked up and thrown from the building. Mid-teen age girls were punched and slapped.

We are aware that a climate of stress and strain prevailed, and the law-enforcement body was in the throes of an atmosphere of tensions due to the nature of their being present at the university; in addition, an electrifying situation was prevalent. Action was taken without discretion and not judiciously by the law enforcement bodies in the performance of their duty. Safeguarding property, persons, from themselves and others is their duty; nevertheless, the situation was not handled prudently.

The youngsters were present at the rally at the invitation of the Association of Black Collegians to participate in the picket line or walk out of the segregationists' speech. The youngsters were guest of the university and should have governed themselves accordingly, nevertheless.

With Mr. Wallace not being in the building and not physically present on the campus, the University Police and Borough Police should have been the law-enforcement bodies.

John Witherspoon Civic Association is cognizant of the fact that the youths should have dispersed when advised by Mr. Price of the Association of Black Collegians. However, the point is that the State Police in or out of the line of duty did use undemeasures; excessive force to escort and eject these youngsters from the building.

An anesthetic opinion should not be entertained in this incident and an attempt to assuage the situation; and a careful and thorough investigation into this most unfortunate altercation should be forthcoming.

KATHLEEN M. EDWARDS
Chairman
John Witherspoon Civic Assn.

"Their Goal Is Censorship."

To the Editor of Town Topics:

Far from missing the point, as Mrs. Bernhardt states in her letter to TOWN TOPICS (May 11), Steven Feldman hits it squarely.

Mr. Feldman was arguing in favor not of "sexy" films, but in favor of films which treat their themes realistically and which may or may not have occasion to deal with sex frankly. He made the point that attempting to shelter teenagers from the facts of life by insisting they be exposed only to bland "family movies" which idealize and distort reality, is a short sighted and futile policy.

The smug implication that "sexy" films appeal only to University Students and not to the decent, well-brought up children of Family Movie Committee members is not only ridiculous but totally inaccurate, since this is not the sort of film to which Mr. Feldman was referring. It is Mrs. Bernhardt who has missed the point here.

As for the "choice" this committee has been agitating for, can they really be so naive as to believe that a teenager would prefer a movie about a "spunky little whale" or jolly Fred MacMurray as a small town scoutmaster (from some recent Green Sheet recommendations) to, say, an exciting spy or secret agent movie?

The misguided members of the Family Movie Committee would do well to reconsider their objectives and re-examine their motives. Far from offering a choice, they are attempting to restrict choice by pre-empting one theatre during weekends. Whatever they may choose to call it, their goal is indeed censorship and, in attempting to intimidate the theater operators, to discredit those who choose to see the non-recommended (and therefore, by implication, "bad") film, to impose their view and tastes on the community, their tactics smack of vigilantism.

SHEILA J. HAMMER
(Mrs. Thomas Hammer)
67 Locust Lane

Undesirable Protection.

To the Editor of Town Topics:

I regret that Mrs. Bernhardt has also missed my point — perhaps the erroneous heading which TOWN TOPICS placed over my letter: "Sex is Not to Be Censored" misled her. I did not intend to maintain that the Family Movie Committee is trying to censor all "sex" films in Princeton, and I certainly have no reason to argue against film censorship because of any personal frustration or need or desire to see these films. I simultaneously do not disagree that every family should be, in fact, entitled to have a choice of different films to see.

Rather, I argue and wonder about why we should need to be so eager to "shield" and "protect" our youth from what is natural and what ought to be shown to them from childhood so they will be able naturally to reach a natural acceptance and regulation of themselves over a long period of time.

I did not intend so much to maintain an argument against Mrs. Bernhardt and the Committee itself, but rather something imbedded deeply in modern society.

STEVEN FELDMAN
Pyne Hall
Princeton University

Unfortunate Error.

To the Editor of Town Topics:

According to Borough Planning Board Chairman Arthur Morgan "there was a mistake" in the Master Plan sent to all Borough residents last week. The area on the non-University side of Nassau Street marked "parking and office" should have included "residential." It would seem wise to review carefully a plan which "mistakenly" eliminates homes in an area where housing is badly needed, and which, in so doing, ignores the personal and civic disadvantages that decreased housing is bound to cause.

Public transportation, a fundamentally important factor in the development of any community of this size, was also ignored. As the May 12 issue of Life Magazine points out (p. 39) ". . . mass transit is an obvious solution. One track of transit can carry as many people as 20 lanes of highway and eliminates the need for downtown parking . . . while highways are paid for by mandatory taxes, mass transit . . . has been forced to pay its own way . . ."

There is a tendency to take for granted that any duly chosen committee is necessarily so well informed and well meaning that it can only work in the public interest, and that it does not need the help, including the criticism, of the individuals who are most concerned — the public. In a community as enlightened as Princeton, this error should not occur.

PAPER IS NEWS

Evening Edition. Ten yards of flashing, psychedelic color will give you an at-home caftan your guests will never forget—at a cost to you of $10. Five yards, and you have the dance dress of a lifetime—for $5.

Well, it's paper, of course. By the yard, wild and hot and gay, easy to sew as cotton, and only $1 for a 45-inch wide yard.

We're at Fabric Find, Nassau Street across from Moore. If you're going to a paper-dress dance, or if you're just being entertaining, here you are.

All the paper fabrics are 75 percent paper, 25 percent dacron, fire-resistant, dry-cleanable (but then the fabric loses it's fire-resistance) and so easy to sew you don't even need to adjust the machine. Even zippers!

Prints, all. The wildest one combines hot pink, orange, kelly, white (how did white get in here!) and royal in a stir of aboeba shapes. Another, with a pique texture, has hot pink and yellow squares, curving around one another and around a collection of squared circles. Lots of the prints are pique textured, by the way.

We like one which looks like bark-cloth, except that the colors are like no tree that ever bloomed: lime, royal, purple or pale olive, yellow, orange.

Then we have a regular floral pattern, if you can believe it. This one is kelly with even rows of pink discs that have orange-yellow daisy centers. This is the only regular pattern in the group.

What to make? We mentioned a caftan (and that brings us to a print we almost forgot: it has irregular chevrons of purple, pink, olive and gold on white. Vogue shows it in a caftan, which is why we remembered.)

Or a dance dress, short or long. Or a paper tablecloth to match your hostess gown. Or curtains for the summer cottage. Or curtains for the boat. You can use any shift, caftan or skirt pattern and as we said, the sewing is as easy...!

Moving from paper to vinyl, we find Fabric Find with matching vinyl and broadcloth prints. One charming pattern is just like old Bavarian china. Another provides dark purple as a back-ground for scrolls and flowers of kelly, pink, pale blue. Black has minute paisley commas. Or black has giant yellow and green daisies.

Use Simplicity's 6733 to make a vinly raglan-sleeved raincoat, with hat. Use your own imagination to make a vinyl miniskirt!

Keeping Warm?

They have this new furnace at Princeton Fuel Oil that does everything except mow the lawn.

It's a hot-air furnace, with ducts and such to convey warm air to the living quarters of your house. But ah! Suppose you decide to add a wing. Suppose you decide that the below-level den has gone through its last drafty winter.

With this furnace, you can use hot-water baseboard heat for the far wing that can't be reached by standard ducts. You can use hot-water baseboard heat as auxiliary heat for rooms that are difficult to warm by standard hot-air systems.

You can also use the furnace for central air-conditioning. It heats your water, too, if we remember correctly. We're just not sure about that lawn . . .

Mother, meanwhile, is waiting for the sewing machine so she can work on the summer tent-dress of crinkle cotton from Switzerland. It comes in a heavenly watered flower print of emerald and sapphire, or poppies on green or black and white. (Fabric Find suggests you line it with a solid color, anchoring the lining only to the shoulders so that lining and sheer fabric move about with your body.)

Another Swiss confection is Mettler's white cottan brocade, and the white—well, "pique" seems too plebian a description for this patrician fabric. Let's just describe its cross bars, almost like padded embroidery, and its splendid brocade feel. Use it to make a Vogue Designer suit, and you'll have a work of art.

Fabric Find likes, for summer into fall, a rayon polyester in sandy beige with six-inch wide embroidered border consisting of soft orange and wet sand diamonds, touching at the points. A sister fabric has a ten-inch-wide embroidered border, which you could use down the front of a shift, as well as around the hem.

HOW PURE IS YOUR AIR?

Broccoli Last Night? If you cooked broccoli for dinner before your husband had his poker club for the evening, your house may not be, the morning after, quite as fresh as you'd like.

Who's at the door? Princeton Fuel Oil, with Honeywell's Center Odor Control System.

This is a device which you—or P. Fuel—affix to your central heating system. It neutralizes odors by changing their chemical composition. Brussels sprouts, the cigarette-cigar smoke in the den after the boys have gone home, the penetrating odors of a sick-room, mildew, diapers, trash and garbage . . .

The unit works through your heating system ductwork. Beneath it is a small reservoir into which you put four ounces of floral, mint, orange or "mountain air" liquid. It is this liquid that changes the composition of whatever odors are hanging around, and at the same time leaves a light—and really light—odor of its own. Individual controls allow you to turn the unit to a higher setting, if you're going to have

The reassurance to talk to Patrolman Stanley continuously on the telephone while I was waiting for the patrolman; the teamwork of the officers and Mr. Nini with that wonderful dog . . . I would not wish to have that dog as an opponent.

We, in Princeton Township, are very lucky to have such friends. Mr. Cameron and I want to thank them.

No President Named

To the Editor of Town Topics:

I am writing to refer to your article appearing in Town Topics of May 4, 1967 on page 21, concerning the proxy fight at Fifth Dimension's Annual Stockholders Meeting. Theodore Sperry is identified as the source of your information which includes the listing of Mr. Sperry as President of Fifth Dimension.

The facts are that Fifth Dimension has been operating without a president since January 6, 1966 when Erwin Donath was ousted. Mr. Sperry's refusal to relinquish control in spite of his obvious lack of qualifications for a chief executive post in the company was at the very root of the proxy fight. Charles Wohlstetter, a member of the newly-elected Board of Directors of Fifth Dimension was asked at the annual meeting to comment on this point and made the clear statement that Mr. Sperry would not be made president.

I am a substantial stockholder in Fifth Dimension and am personally familiar with Mr. Sperry's background. When I read your article, I became gravely concerned for my investment and addressed an inquiry to Mr. Wohlstetter. I quote from his reply dated May 8, 1967, as follows:

MODELING FOR THE LOUNGE: Four fashians lavelies pose before the racks at Weathervane modeling the clothes they will wear this Sunday at the fashion show benefit for the teen lounge. The show will be held in McCarter Theatre at 8 p.m. (Left to right) Elise Abrams, Dency Rus, Susan Beeners and Neil Houbolt. Mrs. Henry Abraons is fashion coordinator for the show.

"I repeat that I do not think that Ted Sperry is qualified to become President of Fifth Dimension. . . . The Board of Directors of Fifth Dimension has not elected a new president. Insofar as my own personal knowledge is concerned, no name has been seriously suggested to fill this post since our last meeting."

We were surprised to see a local newspaper report on this event without giving both parties "equal time"; in particular it was surprising to note that the side not invited by you to comment consisted entirely of Princeton residents whereas neither Mr. Sperry nor anyone else on his slate make their residence in this area.

Editor's Note: Mr. Sperry is vice-president and treasurer of Fifth Dimension.

a party with a lot of smokers, for example.

You already know about Honeywell's electronic air cleaner because it's part of Honeywell's "Total Home Comfort" concept (heating, cooling, humidity control, air cleaning, odor control.)

The air cleaner also attaches to your warm-air heating system (adjustments can be made if you have a hot-water system). If you like, you may have a portable unit in wood finish which can be used in any room.

Air that goes through this electronic unit—and all air in your home will, once the unit has been installed—will be cleaned of dust, pollen, bacteria, fumes, in fact, anything that's a particle, and this includes cooking grease and so on. Odors that can't be filtered out by this, will be dissipated by the other.

Not expensive, either, in case, you were wondering.

If you're tired of taking out the trash and burdening your garbage can, Princeton Fuel suggests a real, true incinerator. No more trash-burner, mind you, but a closed chamber in which heat can built to 2600 degrees — almost like Princeton in July.

This closed chamber (no oxygen) doesn't burn things, it dehydrates and disintegrates them so that no ash remains. The resulting gases are recirculated so that even they are consumed and you've not only burned the trash, you have contributed to a non-polluted atmosphere. It's inside the house too, which is nice if it rains.

Princeton Fuel is 924-1100. Ask for Mr. Blazer.

A SLIT FOR SHORTS

And Silk for Shifts. Wear Elise Goupil's sun yellow shorts under a white sharkskin tunic, slit from hem to waist so the shorts can show when the front and back skirt panels swing. The tunic is endowed heavily with coin dots in pink, blue, green and gold in strict, bright rows, and there's yellow piping around the slit.

Another outfit, similar in philosophy, is purple with little flowers and an aqua piping around the slit and the square neckline. The shorts are the same fabric.

Want more? Here's one in grey-white seersucker stripes overlaid with navy polkadots. Everything is piped in white.

Come in from the garden and slip into Goupil's silk sleeveless with diagonal stripes of powder blue, lemon yellow and white. Hem and left seam are banded with the same stripes running straight. A flat bow marks the shallow V neckline.

Vera Maxwell sews raw hand-woven Thai silk into a simple dress of brilliant cherry with a square pocket fashioned of royal, olive and lime bands, all nicely mortised.

Wear with it a reversible silk raincoat: quilted lime on one side, plain lime on the other. Comes in navy, too, and that brilliant cherry. Maxwell calls it "tulip rose".

Is it a culotte? No, just a silk print with a deep front pleat. The print is a constellation of pink-edged ovals made out of sapphire, orange —well, you know. Another wild and wicked silk has a demure

INDIVIDUAL TESTING for
READING AND LEARNING PROBLEMS

Parents of children having reading or learning problems in school can benefit from diagnostic testing of their child's capacities in one or more of the following areas:

- INTELLIGENCE
- ATTENTION AND CONCENTRATION
- VOCABULARY DEVELOPMENT
- READING COMPREHENSION
- SPELLING
- EMOTIONAL DEVELOPMENT
- HEARING
- VISION
- ASSOCIATIVE LEARNING

This testing will locate those factors hindering your child's progress in school and, thus, point the way to corrective measures to facilitate the realization of his or her potential ability.

Your attention is directed to the individual nature of these tests. They are not administered en masse, nor are they scored by computers. Instead, each test is individually administered and personally evaluated by our Director of Testing who is a fully trained and extensively experienced testing specialist. His written evaluation and recommendations will be sent to you and, if you wish, to your child's school. In addition, he will personally discuss the test results with you at your convenience.

We invite you to take advantage of this individual testing by calling our Director of Testing for an appointment at 921-6195.

turnover collar.

If you're tired of hard edges, look at Goupil's charming summer charmer: a watery print of smudged purples, aquas and bronze, done with a square neck, a bow on the left front shoulder and another on the right back shoulder—la!

Moderns will want the contemporary print in a Vera Maxwell ribbed silk. (The ribs harmonize nicely with the design of the fabric: very subtle.) It has elbow-length bell sleeves, a small stand-away collar and softer colors than you usually see.

News Of The THEATRES

"WE'RE NOT UNAWARE"

Film Committee Is Told. The directors of Palmer Square Inc., owner of the Playhouse and Garden Theatres, have suggested that the Family movie Committee "consider a film program of its own for a trial period to see if it can be self supporting."

In a letter sent in response to the Committee's request that at least one of the theatres book a "family-type" film each weekend, the directors said, "Let us reluctantly report that this is not feasible. The booking of pictures is so complex that weekend showings only are impractical because of the many demands and restrictions placed on theatre operators by the distributors.

"The shortage of quality films being produced has made it a seller's market rather than a buyer's market in recent years. Furthermore, there are not enough 'family type' movies being produced of good quality to warrant showing them in Princeton every week throughout the year."

The directors suggest that the Family Movie Committee locate a suitable auditorium for showing movies on weekends, and sell series tickets to help underwrite administration costs.

"Palmer Square, as its part, will undertake to obtain, transport to Princeton and project the films selected by your committee, and will assist in publicizing and promoting such a program during the trial period."

Green Sheet Ratings Urged. The Family Movie Committee had protested to the directors that the trends in films today glorify sadism, violence and sex. It requested that the Green Sheet ratings be used as a basis for judging the suitability of films.

"Since most of the board members are now, or have been parents of teenagers, we were not unaware of the problem," the directors said in the letter signed by Fred M Blaicher, chairman.

"Let us first review the points in your letter in which we are apparently in general agreement. The Green Sheet, representing a cross-section of the opinions of many groups, is probably a good criterion for rating the suitability of films for particular audiences.

"The shortcoming of the Green Sheet is that it does not rate the artistic quality of the films nor even the real degree of interest that a given film would have for an audience.

"Unfortunately, over the last eight months, less than half of the films reviewed in the Green Sheet have been rated 'good' or better by Parents Magazine and Consumers Reports. Our experience shows that unless a picture is rated at least 'good,' it does not appeal to Princeton audiences and hence does not attract patrons to the theatres."

The directors agreed with the Family Movie Committee's concern over today's films, noting that "film producers as well as stage and television producers have tended to emphasize more and more violence and sex and many of us find this distasteful. However, we must be in the minority, for many of these 'distasteful' films have been the greatest box office successes.

"We feel that if pressures are to be applied, such action should be on a nation-wide basis and should be directed toward the film producers."

The directors said that the advertising of films at the Garden and Playhouse will carry the Green Sheet rating "so that parents can determine in advance which pictures are suitable for their children to see." They also propose to "continue to show all the 'family-type' movies of good quality as soon as they are available to us on reasonable terms."

Their first resolution was partially balked this week because the Green Sheet has not reviewed "Casino Royale."

Directors of Palmer Square Inc. are Mrs. Edgar Palmer, Mr. Blaicher, B. Franklin Bunn, George Gallup Sr., Stuart E. Hockenburg of E. Orleans, Mass.; Bernard Kilgore, Edward A. MacMillan, Ricardo A. Mestres, Paul E. Orr Jr., Clifford D. Siverd of Wayne; Edgar S. Smith, Stanley C. Smoyer, G. Dykeman Sterling, Alfred L. Test and Harold E. Zarker.

The Family Movie Committee plans an open meeting next week at the Institute of Defense Analyses (IDA), Prospect Street. Committee Trustees include Mr. and Mrs. Robert E. Clancy, Mr. and Mrs. Charles M. Terry, Mr. and Mrs. William Brower, Mrs. Basil J. Robinson, Mrs. A. A. Bernhardt and Mrs. R. Stuyvesant Pierrepont.

TASTE HONEY

With Community Players. The Princeton Community Players are rehearsing "A Taste of Honey" for presentation late this month. The Princeton Hospital Fete will receive part of the proceeds from six performances in Murray Theatre — on May 26, 27 and 28 and June 1, 2 and 3.

"A Taste of Honey," a contemporary play written by 18 year old Shelagh Delaney, describes the conflict between a mother and daughter in working class Britain. Directing the Community Players' production is Harry Rubel, director of last year's "Lysistrata."

Portraying the leading roles are Shirley Kauffman and Eileen Quenon. Ton Schmitz, Don Evans and Roy Thomas have been cast as the young men who influence the girl's revolt against her mother.

WINNING PLAYS READY

For Premieres. Three playwrights from the Princeton area will see their plays performed publicly next weekend under the auspices of the New Group for Theatre.

The plays will be given next Friday and Saturday, May 26 and 27, at 8:30 in the auditorium of Princeton High School. Tickets, at $1.50, may be purchased at the door.

Susan Rosenbaum and her New Group selected the plays from a number of scripts submitted to the Group earlier this year. The three winners are "Walkie-Talkie," by Carol Becker, "Bright-eyed and Bushy-tailed," by Thomas Sprecher and "Stranger in these Parts" by Linette Martin.

In addition, the Group will present Harold Pinter's "The Lover," a recent work not yet widely performed in this country.

Actors in the four plays will be Scotty Bloch, Robert Knapp, Robert Peck, Lalor Cadley, Sylvia Feld, Irene Rosenberg and Trevor Owen.

CONCERT READING SET

T.S. Eliot, in Chapel. "Murder in the Cathedral" by T.S. Eliot will be presented in a concert reading at the Princeton University Chapel this Thursday, Friday and Saturday at 8:30. Sponsoring the performance are the Princeton Community Players and the Princeton University Chapel Deacons.

Dr. Clyde Blakely, production director at McCarter Theatre since 1965, will direct the program. Appearing in the lead role of Archbishop Thomas will be Gray Sidwell.

BOYCHOIR PLANS MUSICAL And Lawn Party. The public is invited to the annual spring musical and lawn party at 3 this Sunday at the Columbus Boychoir School, Rosedale Road. The rain date is May 28.

The Boychoir will present a choral and instrumental program featuring Haydn's opera, "The Apothecary." The event is sponsored by the Parents' Association.

Residents planning to attend are asked to call the school, 924-5858, and give the number attending in their party.

QUINTET PERFORMS

At Witherspoon School. The woodwind quintet of the New Jersey Symphony gave two lecture concerts last week at John Witherspoon School as part of the orchestra's educational series. The brass quintet performed at the school in April.

Flutist Genevieve Hall narrated the program which consisted of selections by Purcell, Mozart, LeFebvre, Hindemith, Gounod and Morton Gould. There were also instrumental demonstrations. Other members of the quintet were Donald Plesnicar, oboe; Paula Plesnicar, clarinet; Carmela Echo, bassoon, and Vernon Glickman, French horn.

The lecture demonstrations are intended to introduce the school children to the quality and use of individual instruments as well as to the beauty of the music itself. The Symphony's four ensembles also include a string quartet and a vocal quartet. The ensembles reach more than 120,000 school children annually. The program, which includes sponsorship of two youth training orchestras has been encouraged by grants from the Ford Foundation and the New Jersey State Council on the Arts.

RECITAL ON FRIDAY

At New School. Faculty and students will join in a recital this Friday at 8 at the New School for Music Study, 353 Nassau Street. The public is invited.

Faculty member John Collins will perform compositions by Bach and Brahms. Students appearing on the program will include Zoila Airall, Frances Brodsky, Cheryl De Bias, Cynthia Duffy, Gregory Enders, Caroline Erdman, Mary Hedberg, Robin Kleinman, Linda McCandless and Barbara Shoemaker.

SECOND CONCERT SET

For Student Works. Compositions by graduate student composers at Princeton University will be heard this Sunday at an 8:30 p.m. concert in the Woolworth Center. Admission is free.

The program will be played by the Rutgers University Contemporary Chamber Ensemble, conducted by Arthur Weisberg.

The first half of the program will include "Variations for four players," by William Benjamin; "Two pieces for piano" by George Edwards and "Klavierstucke for seven instruments" by Joel Gressel.

After intermission, there will be performances of a "Piece for Violin and Piano" by Richard Ames; "13 ways of looking at a blackbird" for tenor and five instruments by Gerald Warfield, and "Composition from a graphic design" by Stanley Persky. The six composers are students of Milton Babbitt, Edward Cone, Earl Kim and Peter Westergaard.

OLD PORTRAIT ON VIEW

At Bainbridge House. A portrait of Paul Tulane, founder of Tulane University in New Orleans, is on display at Bainbridge House, home of the Historical Society of Princeton, at Nassau and Vandeventer.

Long stored away, the portrait reveals a quizzical old gentleman wearing a rather floppy skullcap. It was viewed last week by Edison B. Allen, president of the Tulane Alumni Association, and Miss Bea Field, secretary. They were escorted by Horatio W. Turner, 6 Mansgrove Lane, an alumnus of Tulane Law School. Mr. Turner said that it was customary each year for the officers of the Alumni Association to come to Princeton on the anniversary of Paul Tulane's death (May 10) and lay a wreath at the foot of the statue which adorns his grave in Princeton Cemetery.

Tulane was born in the "Malou House" in that French Huguenot settlement of Princeton now known as Cedar Grove. Later, when he was about 18, Paul accompanied a wealthy cousin from France, who had come to this country to find a cure for tuberculosis, to New Orleans. He stayed there, grew wealthy and founded Tulane University.

In 1870, he retired to Princeton. He bought a house from the Stockton family (Lowrie House) and became a leader in the First Presbyterian Church.

A reliable report has it that once when the pastor of this church approached Tulane to tell him how badly the church needed money, he wrote out a large check payable to "That damn Presbyterian Church which is always asking me for money." The check was duly cashed and later appeared in a frame on the wall of a Princeton bank, according to the story.

A question thah still puzzles members of the Historical Society is where in Cedar Grove is the Malou House in which Paul was born? Mrs. Gordon Knox of the society has interviewed all the residents of Cedar Grove but so far no one has been able to point out to her its exact location.

A FLARE FOR SELLING: Members of Cub Pack 43 of Princeton will sell safety flares door-to-door during May 20-27 to raise funds for future Cub trips and the annual Blue-Gold Banquet. An early sale is made between James Dow (left) of Faculty Road and Cub Scouts Eric Jahn (center) and Bill Cox, Princeton Township Detective Walter V. Emana will speak to the Cubs and their parents Thursday evening at 7:30 at the First Presbyterian Church on safety. One point he will stress is that every car should carry an emergency flare.

TO HOLD FLOWER MART

In Rocky Hill. The Rocky Hill Community Group will hold its third annual Flower Mart Thursday through Sunday at the library on Washington Street.

On sale will be geraniums, annual and perennial plants and seedlings, small shrubs, tomato and pepper plants. Proceeds will be used to continue the restoration of Garrett House which houses the library. Sale hours are 3 to 6 p.m. on Thursday, 1 to 6 on Friday and Sunday and 10 to 6 on Saturday.

On Sunday, in addition to the plant sale, there will be an exhibition of the work of students in the art and craft classes, representing some of the activities offered by the Community Group at the library. During this time, the public will be invited to tour Garrett House and observe the progress of the restoration of the building.

Mrs. Robert M. Engelbrecht is president of the Community Group. Mrs. John Kenyon is chairman of the Flower Mart.

ORIENTATION OFFERED

For West Windsor Parents. Parents of children who will enter kindergarten in West Windsor schools this fall are invited to an orientation program in the Maurice Hawk School. Frank J. Walton, superintendent of schools, has invited all interested parents to the program this Thursday, May 18, from 7:30 to 9 p.m.

Mrs. Marion Schenck, Mrs. Helen Oliver and Mrs. Linda Anderson, district kindergarten teachers, will deliver an illustrated talk on a child's transition to school routine. Visit schedules for newly registered children will be given out so that pre-schoolers will be able to visit present kindergarten classes in small groups.

Parents who have not enrolled their children as yet are urged to contact the superintendent of schools. Children must be five on or before November 30 to be eligible for kindergarten.

ANNIVERSARY FETED

By Elks. Witherspoon Elks Lodge and its auxiliary, Rising Sun Temple, will celebrate their 55th anniversary at a Cabaret Ball this Saturday at Princeton Day School from 9:30 until 2. Proceeds from the affair will go to the Elks Charity Fund.

Go-Go girls and music by the Soul Stars will be featured. Dress will be informal with coats and ties required for gentlemen.

Morris E. Boyd is in charge of arranging the Cabaret Ball. Assisting him are dance committee officers: Mrs. Jessie Harris, Ulysses S. Johnson, Mrs. Mary Chir, Miss Ella Baynard, Harry L. Richardson, Mrs. Zelma Hargraves and Fred B. Goldsborough.

ORCHESTRA TO PLAY

At Timberlane School. The Timberlane School Instrumental Concert and Exhibition of Fine and Practical Arts will take place next Thursday, May 25, in the Timberlane Junior School, Pennington. The program, sponsored by the music, art, home economics and industrial arts departments, will be free to the public.

The concert will feature the school orchestra, the concert band, a calypso combo, a trombone ensemble and a jazz band. The program will include selections from "Mame," the "Batman" theme, "The Flight of the Bumblebee" and "Tiajuana Taxi."

Fine and practical arts will be on display before and after the 8 p.m. concert. The display will open at 7:30 and close at 9:30.

GOVERNOR TO SPEAK

At Fashion Luncheon. Governor Richard Hughes will be guest speaker at the annual luncheon of the Auxiliary Board of the Mercer County Child Guidance Center. Following the luncheon in the Princeton Inn next Tuesday, the annual spring fashion show will lead the guests "Thru the Pages of Vogue."

Proceeds will go toward operating the day school of the Guidance Center in Trenton. The day school cares for emotionally disturbed children referred by schools and agencies throughout Mercer County.

Presenting the fashion show will be Miss Dorothy Summins. Project Chairmen Mrs. Roy Hudson, Mrs. Walter Edwards and Mrs. Theodore Marks selected the coordinator after watching one of her showings in New York City.

Plans for future meetings include such subjects as the new gross business tax and the financing of regional education. Meetings are scheduled for the second Wednesday of each month.

"REALTOR WEEK" SET
For May 21-27. The 190 members of the Mercer County Board of Realtors will celebrate Realtor Week, May 21-27, with the theme, "The Time Is Right to Buy a House."

The term 'Realtor' is a coined word and a service mark registered with the U.S. Patent Office under trademark laws. It can be used only by members of the National Association (85,000 members) and its local boards. "A Realtor," says Bernard Leammari, president of the Mercer County Board of Realtors, "is a professional in real estate who subscribes to a strict code of ethics."

The Realtor's code was one of the first adopted in American business. Its 30 articles cover all aspects of real estate transactions and under it, Realtors pledge fair treatment to both parties of a contract-buyer and seller.

Other officers of the Mercer County Realtors group are Robert C. Reinhold, first vice-president; Mario J. Lombardo, second vice-president; Laura W. Garman, secretary; and Edward Foster, treasurer.

DENTISTS MOVE IN
To New Building. "You start with the tooth," says Robert Hillier with a smile, explaining the building he has designed for dentists stephen Bender and Jack L. Roemer.

The new office-residence at 214 North Harrison is now finished, the two dentists have announced their move to the new buildings and Mr. Hillier and his staff are very happy indeed about the results.

"When I say, "start with the tooth,' " Mr. Hillier explains, "I mean that a dentist works with the human head, and needs a lot of space and room at the head, but none at all at the feet!"

"So we designed eight pie-shaped rooms, with all the space at the rim, tapering down to the point where very little is needed."

Light from Above. This leads to the four-sided skylights that are a distinctive feature of Mr. Hillier' structure. The points of the pieces of pie come together in a central circular corridor which, of course, receives no light at all from outside.

The sunroof works even when there isn't any sun.

When you slide back the sunroof on a Volkswagen Station Wagon, the sky's the limit.

That's because odd-shaped loads you'd have trouble fitting into an ordinary station wagon can stick up out of a VW. Like a tree. Or a refrigerator. (In fact, you never know what might pop up.)

And even when the sunroof's closed, the Volkswagen still gives you almost twice as much space as other wagons.

And a 4' by 4' door that lets you get right at all the room inside. (You don't have to be an engineer to move big, bulky loads in and out.)

And whenever you don't want to put big things inside your VW, you can use it for big people instead. It seats 9 of them and holds 13 pieces of luggage. All at once.

Other wagons only hold about half as much as a VW. Even if you hit the ceiling.

But after the VW's all filled up, you can still go through the roof.

NEW BUILDING READY: This white frame structure on North Harrison Street with its distinctive skylights, is the new office of two Princeton dentists, Dr. Stephen Bender and Dr. Jack L. Ruemer. The architect, Robert Hillier, describes his building in the accompanying story. (Staff Photo)

Business In Princeton

Continued from Page 35

To illumine this corridor, the Hillier architects built skylight, designing it to catch light on its four glass sides. The result is a bright cheerful corridor without glaring sunshine (the skylight is covered on top) The second skylight illumines the entrance hallway.

The building consists of two squares with the corners intersecting at the centers of the squares. The octagon formed by the eight pie shapes lies entirely within one of the squares. Three brick piers provide support.

Township zoning regulations require an apartment in any office building. The apartment in this one is three feet below level, and consists of three bedrooms and storage rooms, besides the usual living room, kitchen and bath.

The entire building is two stories high with 3,300 square feet. Mr. Hillier says it looks bigger than it is because it has so few windows. A dentist uses mostly artificial light, but there are two small windows in each treatment room.

There is no front door. The building faces Harrison Street and there is a driveway in from Harrison, but the parking lot is in the rear and since all patients will enter from the lot, the main door is in the rear, too.

At present, Dr. Bender and Dr. Ruemer work together with their two assistants, but there is room for additional technicians in the future," Mr. Hillier says.

EXPECTING A BABY?

Attend Hospital Lectures. Princeton Hospital will begin its next series of lectures and demonstrations for expectant parents Monday, May 22, at 7:30 p.m. The free course will run through July 10 with sessions every Monday evening.

Those wishing to enroll should call the office of a sponsoring organization: the Princeton Visiting Nurse Association, the Princeton Chapter of the American Red Cross or Princeton Hospital. Participants may also register at the first lecture.

Teaching the course will be Mrs. Elizabeth Bucher, a registered nurse with the Visiting Nurse Association. Some 30 to 40 parents are expected to enroll for the instruction series.

HOSTS NEEDED

For Fresh Air Children. As the Princeton Jaycees send out the call for vacation homes for the Fresh Air Fund children from New York City, three families report on their past experiences:

Mr. and Mrs. George Warfield of Longview Drive have kept in touch with most of the children they have hosted during the past 10 years. Mrs. Warfield says that the experience of having a city child is as beneficial to her own children as it is to the visitors. She adds that the newcomers are surprisingly able to adjust themselves to their new surroundings, even though the period of adjustment may have its trying moments.

Mr. and Mrs. William Bothwell of Constable Road, Kendall Park say the children did n't always behave as they had expected. "The girls are so impressed with my kitchen!" Mrs. Bothwell says. "They can't wait to tell their mothers about it!"

The Bothwells at first arranged activities to keep their youthful visitors occupied. But they discovered that the youngsters were happiest when left to play with other children.

Mr. and Mrs. John Thomas of Kingston Road have also had young New Yorkers visit them for several summers, and have kept in touch with at least one, who has expressed a desire to attend college. Most hosts seem to feel that the contact established with the visiting child has a good effect upon his goals in later life. Many of the youngsters previously have had no contact with life other than in broken homes and inadequate housing.

The Fresh Air Fund selects children suggested to them by various New York agencies based on their estimate of the value to the child. Most come from deprived neighborhoods. Some will arrive here on July 19, with others coming on August 2. They will remain for at least two weeks, with the possibility of staying until August 30.

Further information may be obtained from Tom Dennison, chairman of the Princeton Jaycee Fresh Air Fund Committee, at 609-896-0017 evenings or by writing to Princeton Jaycees, Fresh Air Fund, Princeton, N. J. 08540.

WHAT ARE YOUR PLANS?

Service Group to Meet. The Council of Community Services, planing arm of the United Fund, will hold its annual meeting and luncheon on Wednesday, May 31 at the Princeton Inn.

Representatives of Council services in Mercer, Middlesex and Somerset Counties are expected to attend, and to hear the Council's plans for the coming year.

Founded in 1946, the Council of Community Services keeps in touch with community needs and tries to improve existing services, establish new ones, and prevent duplication.

The Council sponsored the establishment of the Friends of the Public Library, helped to set up the Youth Employment Service; established, with the Kiwanis Club, the Homemaker Service Agency and now supports the new referral office of the Princeton Area Council on Alcohol, Inc.

Those interested in attending the luncheon meeting should make reservations by May 26. The Council's address is P. O. Box 201, Princeton; 924-5871.

CALENDARS ON ORDER

From Hopewell Jaycees. The Hopewell Valley Jaycees are preparing a community calendar for Hopewell residents that will contain meeting dates of organizations and events of local interest. There will also be a directory of business sponsors.

A Hopewell artist has been commissioned to sketch 12 scenes of the valley area. The Jaycees are presently beginning a four-week period of advertisement solicitation.

Orders for the calendar are also being taken. Those desiring either to place an advertisement or reserve a calendar should contact Martin Fry, 39 East Broad Street, Hopewell, by calling 466-1789.

"PROBABLY NIXON," says Stan Lavis, in naming the Republican candidate he thinks has the best chance of defeating Johnson. "He's never stopped running," adds Mr. Lavis. (Staff Photo)

Question of the Week

Question: Among Republican presidential candidates, who do you think has the best chance of defeating Johnson?

Where asked: Palmer Square.

Stan Lavis, Trenton, sales manager for Nini Chrysler-Plymouth, State Road: Probably Nixon on his past experience. He's more of a professional politician than the others — he's never stopped running since 1960.

Samuel E. Isaly, Patton Hall, University senior: I'm a Goldwaterite, so I'd have to like Reagan but that doesn't mean I think he has the best chance of toppling Johnson. I think if Romney overcomes his seeming obtuseness and takes a positive stand on Vietnam, he'll probably amass the most moderate support to beat Johnson.

K. Nubia, 36 Logan Drive, West Windsor, cartoonist, Princeton Packet: I don't think any Republican, including Wallace has a chance of beating Johnson. I don't think Nixon or Romney or the whole lot has a chance at this time and under present-day conditions. Obviously, I have a slightly Democratic leaning.

Mrs. Wilbur Morse, 120 Prospect Avenue, housewife: I don't think any of the Republican candidates are outstanding but I would vote for Rockefeller on his past experience. I don't think there's anyone else. Otherwise, I may vote for Johnson even though I'm a Republican. I vote for the man who I think would be best.

Harry Cohen, East Brunswick, commercial artist: I say any one of them. Johnson ran on a platform of not committing troops to Southeast Asia, and what did he do? He stole Goldwater's thunder and outdid him. I think Johnson's a hypocrite.

Sandy Northrop, Port Mercer, student at University of Michigan and working this semester with Ulli Steltzer: I think it has to be Governor Romney. I go to school in Michigan and the people are really behind this man. I see his support whenever he's there; people turn out to see him and hear his ideas. I think he's the type of man the Republicans need.

Harold Waage, 17 Leavitt Lane, physics department, Princeton University: George Romney — so far, he's the only one in the field that hasn't been defeated.

Harold Beroard, Laughlin Hall, University junior: Charles Percy. He's young and attractive looking. He tends to be pretty liberal on foreign affairs and moderate on domestic issues, and I think it is this combination that will be most attractive to the voters.

Mrs. Steven Caney, Route 518, housewife: Nelson Rockefeller . . . he's the only Republican candidate I like.

Thomas Turner, 359 Nassau Street, plant manager: Any one of them! I think Johnson just doesn't have it as a president. I think he's made quite a few mistakes, especially escalating the war in Vietnam. he hasn't done much as an individual president and he doesn't have the dynamic personality that Kennedy had. I think the people are definitely ready for a change.

Gene Smith, Patton Hall, University senior: Romney. I think he'll receive the backing of the widest spectrum of the people but he will have to take more definite stands on issues if he hopes to maintain this support.

Vincent DiGrl, Whitestone, N. Y. programmer for IBM computers: It's got to be Romney. He's a fresh figure and he's a moderate left of center — and the Vietnam war is going to hit Johnson hard. That's the only reason why I think Romney would win.

Mrs. Cecilia Rogers, Hightstown, clerk, Fabric Center: Just about anybody would beat Johnson. I think my husband could run and beat him. Personally, I don't approve of his give-away programs. He's spending money too quick and too fast. He doesn't stop to think, he's too wild. I think he should be stopped.

safe to use. Boxes and supports should be painted and tree from rust.

If box numbers are assigned, they must be shown so that they are visible to an approaching mail carrier. Princeton residents are also asked to group boxes wherever possible to speed pickup and delivery.

FUND DRIVE STARTS

Despite Rainy Weather. The Multiple Sclerosis Drive in Princeton started successfully in spite of inclement weather. Some 30 Rider students, girl scouts from Lawrenceville Troop 30, and Princeton youths collected over $300 on Tag Day, May 6.

Last weekend saw the continuation of the drive as workers passed out posters, canisters and educational material in the community. On Monday, house to house solicitation began with Rider students canvassing the community from 6:30 to 9:30 in the evening.

The drive's goal is $5,000. Contributions have started to flow in, including a $50 donation from Rider College's Theta Omega Chapter of Phi Chi Theta. Further contributions should be sent to the Multiple Sclerosis Society, 329 Nassau Street.

PARTY TO RAISE FUNDS

For Leukemia Society. A showboat ride on the Delaware River has been scheduled for Friday evening, July 14, by the Mercer County Auxiliary of the Southern New Jersey Chapter of the Leukemia Society. After the boat ride, passengers will disembark for a Hawaiian luau.

Mrs. Edward Farrell, chairman, says the Showboat will offer games of chance and dancing to a five-piece band. The luau will be served native style with guests seated on grass mats, and will be followed by a program of authentic Hawaiian music and dancing.

Proceeds are earmarked for leukemia research. Those interested in attending should call Mrs. Farrell at 799-0463, Mrs. Michael Mullier at 799-0091 or Mrs. Robert Pressley at 466-1115.

ENDOWED FUND STARTED

To Honor Mrs. Shenstone. Members of Princeton's Department of Physics have established a fund in memory of Mrs. Molly Shenstone, the late wife of a former departmental chairman. Income from the fund wil be given to deserving students and young faculty members.

Departmental chairman Dr. Walter Bleakney explained that the money "will be devoted to meeting emergencies of young people with priority given to those in the Physics Department where Mrs. Shenstone's chief interest were centered." He added that an endowment of at least $15,000 was being sought.

Mrs. Shenstone, the wife of Dr. Allen Shenstone, chairman of the Department of Physics from 1949 until 1960, died in Princeton on April 5. She was noted for her devotion to the problems and welfare of young people in need.

Contributions to the "Molly Shenstone Fund" may be made payable to Princeton University. They should be sent to Dr. Frederick E. Fox, recording secretary of the University, or Dr. Robert A. Winters, Palmer Physical Laboratory.

DOWNER NAMED

As Hun Trustee, Prof. Alan S. Downer, chairman of the Department of English at Princeton University, has been named to the Hun School Board of Trustees.

Dr. Downer has contributed significantly to the development of Princeton's Center for the Performing Arts through his post as chairman of the Faculty Committee on McCarter Theatre. His major academic interests also lie in the field of theatre, as he has written and lectured extensively on the performing arts.

IVY TITLE AT STAKE

In Lacrosse at Cornell. A Princeton lacrosse team that hasn't been beaten in its last six games and a Cornell team which is on a 24-game winning streak over three seasons will face each other Saturday at Ithaca. To the victor will go the Ivy championship which the Red currently holds.

Lacrosse to the denizens of the heights above Cayuga is almost what hockey means to them, and a crowd of several thousand will be on hand hoping to see the Orange and Black defeated. Princeton earned a tie for the Ivy title in football by defeating Cornell on the last day of the season, and clinched the basketball championship with a victory at the Ithacans' expense here last winter, so that Ferris Thomsen is leading his charges into a real hornets' nest.

The coach of the Cornell lacrosse team is Ned Harkness, who steered the Red to the Ivy and NCAA titles in hockey. He has never lost as lacrosse coach at Ithaca, and goes into the game Saturday with a two-season mark of 22 and 0.

Big gun on the Cornell team is Tom Quaranto, senior midfielder who is averaging close to four goals per game for the Red, in and out of league play. In action here last May, the Tigers had a three-goal lead in the second half but lost, 8-7, to a surging Cornell rally.

FERRIS THOMSEN, veteran Princeton lacrosse coach, is stalking his favorite quarry again. At Cornell on Saturday, he'll go after the 11th Ivy title Princeton has won or shared since 1957.

Tougher Schedule. While Princeton will go into the game with four losses and a tie against the five victories it has scored in Ivy action, the fact that it has played a tougher schedule will be working for it. Thomsen's ten always takes on the nation's four top teams (Army, Navy, Johns Hopkins, Maryland), whereas Cornell's non-league opponents include such lesser lights as Colgate, Syracuse, Hobart and Duke.

The Tigers set the stage for Saturday's battle by defeating last-place Dartmouth, 9-4, dominating the final two periods on Campbell Field after a first half that ended with Princeton barely in front, 4-3. The visitors were the first to score and led twice in the early see-saw going.

Dick Graham capped a fine week for the home forces by scoring three times and earning credit for three assists after he had accounted for three goals in the 5-5 tie with Rutgers four days earlier. It was largely his play that led a four-goal outburst in the third quarter, which wrapped the game up for Princeton.

The victors outshot the Green by a wide margin of 47 to 20, as goalie Dick Reynolds in the Princeton cage was called on to make only eight saves. Throughout the season, the Tigers' defense has been superior to Cornell's in Ivy play and it is on that department that victory will hinge Saturday.

NEAR NO-HITTER

Cushmore Two Strikes Away. Although he was scored on in the top half of the first inning (on four walks and a balk), junior lefthander Steve Cushmore came as close as is possible Saturday to pitching a no-hit ball game. With two out in the ninth, and a 2-1 count on the batter, Brown catcher Bill Austin lined a clean single over short to spoil Cushmore's dream.

It was a letter-high let-up pitch that Austin picked out, one that hung just a shade too long. Prior to that, the only close calls had been a sharp drive that shortstop Lynn Moore speared with a leaping catch and an infield bounder that put a runner aboard but was properly scored as an error after a wild throw.

Cushmore began as though he would never finish, walking the leadoff batter and becoming visibly upset when he was charged with a balk that advanced him to second. Three more free passes followed but sandwiched around the wildness were enough good pitches to strike out the side, and the Tigers were lucky to be out of it with only a one-run deficit.

They erased it in the third, scoring twice but missing out on a much bigger inning. Doug James, hit on the foot, raced to third when Phil DeSantis connected on a hit-and-run play.

James scored as DeSantis stole second and the throw got away from the shortstop, DeSantis coming in a moment later on Captain Tom Peppler's single. But after loading the bases with none away, Princeton failed to give Cushmore helpful insurance. The next three batters struck out.

A no-hitter that did develop proved considerably less satisfactory to the Tigers earlier in the week. Jim Shaw of Dartmouth was the victor in a 2-1 duel with Mike Fremuth at Hanover, the winning runs scoring on a pair of wild pitches. The losers scored on a walk, two fielder's choices and a sacrifice fly, and then had the tieing run picked off second in the ninth on the moth-eaten hidden-ball play.

Monday's rescheduled game with Yale was cancelled when morning rain made a trip to New Haven illogical. The lone contest on the books for the two traditional opponents thus went into discard, making the first time in more than a century of the rivalry that no Princeton-Yale baseball game was held.

TIGERS PLACE FIFTH

In Eastern Sprint Standings. No Princeton crew won a heat or a championship event at Worcester Saturday but the Tigers placed fifth in a field of 15 in competition for the Rowe Cup. Harvard, which won the varsity championship for the fourth straight year, was first in overall points with 38.

Penn earned the runner-up spot with 34, followed by Yale, 27; and Northeastern, a brand newcomer to the list of rowing powers, with 22. The Tigers, with 20, edged Cornell, Navy and Syracuse with 19 each. Seven others trailed.

Best showing of the day in the championship events were the second place finishes achieved by the 150-lb. varsity and the heavyweight freshmen in their heats, both of which Harvard won. The two Tiger shells then each finished third in the finals, the 'fifties behind Cornell and Penn but ahead of Harvard, to which they had also lost in the Goldthwait Cup. The heavyweight freshmen trailed Harvard and Rutgers, although they had beaten the Scarlet first-year oarsmen here in April.

Most of Princeton's points were scored in consolation races. The 150-lb. jayvees and the

RYAN SCORING: Nick Ryan, PHS catcher, crosses home plate with the first of five runs that the Little Tigers scored Friday in the third inning against visiting Franklin. With the bases jammed, Thom Yoder squeezed home Ryan with a perfect bunt. Waiting for the throw that never came is the Franklin catcher. PHS won, 10-4.

heavyweight varsity won in these races. All competition was over 2,000 meters on Lake Quinsigammond.

Season Nears End. Spectator sports are about at an end this spring, the ball team having two appearances left on Clarke Field and most of the other outfits finishing up on the road. The Tiger nine will play Manhattan here Saturday at 2 and will be host to Lafayette a week later.

Coach John Conroy's tennis team travels to Dartmouth for its final contest of the year after having topped Brown and Cornell here last weekend with the loss of only a single match. The track team, which met Yale Wednesday in an unusual mid-week scheduling, will face Cornell at Ithaca Saturday.

FRANKLIN DEFEATED, 10-4

By PHS Nine. Princeton High School scored four runs in the first inning and added five more in the third to defeat visiting Franklin easily Friday, 10-4. The visitors, in turn, dropped their 12th decision against two wins.

Princeton High's record is now 6-4. That is not a misprint. A loser last week with a 3-6 mark, the Little Tigers suddenly found they owned a winning 5-4 mark.

The reason: Ewing High School which had been playing with an ineligible player offered to forfeit all of its victories. Ewing had defeated PHS twice before the infraction was discovered, 5-3 and 16-0.

Had it happened a few days earlier, the reshuffling would have given PHS a slot in the post-season NJSIAA tourney. However, all records had to be sent to NJSIAA officials by May 6 and PHS at the time was ineligible.

Nevertheless, the twist in events has given the Little Tigers a new spark. Listings this week placed them third in the Mercer County standings. It marks the first time in three years that the Blue and White has been able to climb above the .500 mark.

PHS at Trenton. Coach Harry Zoll's squad will next flex its batting muscles — seven regulars above .300 with outfielder Jay Springer heading the list at .400 — against Trenton on Thursday at Trenton. This will be a key contest, as the Tornadoes are in first place in the county.

Monday, PHS will get another crack at Hamilton in a game that will be played here starting at 4. Tuesday, the team will be at Steinert in a make-up game that was re-scheduled because of rain.

Wood Fans 13. Tom Wood continues to look better on the mound with each passing game. The big right-hander struck out 13 Franklin batters to give him 23 K's in the last 14 innings. He also received fine support in the field where the Little Tigers were guilty of just one error. Previously, they had a hard time finding the handle.

PHS jumped to a four-run lead in the first inning. Yoder opened with a walk, stole second and came home on a double by Tim Haigh. Mark Fischer singled to left, scoring Haigh, and Jay Springer followed with an infield hit. Tom Butterfoss then stroked the second double in the inning, scoring Fischer and Springer.

In the third, the home team picked up five runs on two walks, a wild pitch, a sacrifice, four Franklin errors and a single by Tom Wood. Highlight of the inning was a perfect squeeze bunt by Thom Yoder with the bases filled.

SAME STORY

Stickmen Lose Again. The Princeton High School lacrosse team suffered a pair of defeats last week to increase its winless string to 10.

Saturday at Hanover Park the Little Tigers fell, 10-4. Despite the familiar outcome, Coach Bob Arhegast reported that he was pleased to see his team score the first goal and take the lead on two occasions. Freshman goalie Rich Oberman played a sound game for the losers. He was credited with 13 saves.

Paul Rice scored twice for the Blue and White. Co-captain John Steiger and Huston Webber added single tallies.

Earlier in the week, PHS traveled to Hun School where it dropped its ninth decision.

The end of a long season is within sight now for Arhegast. Next Wednesday, the squad will travel to Newtown, Pa. for a game with George School. Two days later, it will end its season against visiting Lawrenceville.

PHS FINISHES FOURTH

In Jaycee Track Meet. Defending champion Princeton High School lost its crown to Ewing Wednesday in the 21st annual Mercer County Jaycee-sponsored track meet held this year at Trenton High School.

The best the Little Tigers could do in 17 events was two firsts and 34 points for fourth place. Ewing dominated the event, scoring 80 points and setting two meet records to finish far out in front. Trenton, 56 points, was second and Rancocas Valley, the only entry outside Mercer County, was third with 45. Other schools participating were Hamilton, Steinert, Hightstown, St. Anthony's, Lawrenceville and Notre Dame.

Princeton's Dan Tindall won the javelin event with a toss of 192-4 — far short of his earlier record-breaking performance of 233-11. Teammate Keith Conover was fourth.

squad at the Penn Relays since 1950 won again at Trenton. Dave Moomaw, Hutch Smith, Julian Solotorovsky and Chris Haring combined for a 3:40.7 clocking. Their time at the Relays was 3:28.6.

In perhaps the meet's most exciting race, Ewing's Ed Madden beat George Fifield of PHS by a stride in the 440 to win in the record-breaking time of 49.5. The old mark was 50 flat.

Others who scored points for the Blue and White were Pete Michael, third in the mile; Nelson Warner, third in the pole vault; Tindall, third in the shot put; John Kosco and Keith Lawder, fourth and fifth in the two-mile; and Ron McEwen, fifth in the high jump.

Tim Disbrow of Ewing set a new record in the discus with a toss of 153-5. That bettered by three inches the old mark set by Princeton High School's Nick Kovalikides in 1957.

PDS NINE SPLITS

For 3-4 Mark. Princeton Day School's baseball team was defeated Friday for the second time this season by Rutgers Prep, 13-2. Last Wednesday, the Blue and White topped Moorestown, 10-5.

Against Rutgers Prep, Coach Wes McCaughan's squad was kept at bay by hurler Tom Jacobs who fanned 12 PDS batters. He got off to a bad start, however, when Erik Haggen, first batter in the game, cracked a homer to give PDS a short-lived lead.

PDS got its second run in the fifth. Terry Booth walked, stole second and third and came home on a ground ball. John Claghorn (2-3) started on the mound for PDS. He was relieved later by Frank Andrews.

Claghorn was much more effective at Moorestown, where he struck out nine and gave up only four hits.

PDS wrapped it up with a seven-run rally in the fifth inning. Andrews tripled and Craig Page doubled for the winners.

Two games remain. The team will be at Peddie on Friday and in the finale on Wednesday, the Hun School jayvee team will play PDS for the second time this spring.

Fathers Win, 15-10. In the annual Father-Son game held Saturday during the PDS Fair, the fathers taught the sons something about the game, defeating PDS, 15-10.

William Schulter doubled for the fathers in the second when the victors scored eight runs. In the third, Harry Rulon-Miller tripled home a pair of runs. Rulon-Miller went the distance on the mound for the fathers.

The sons made it easy for the fathers by committing no fewer than 14 errors. John Webber, for example, circled the bases in the seventh on four consecutive miscues by the PDS infield. In committing only two bobbles, the fathers were much tighter on defense.

Claghorn, Andrews and Page all shared the mound for PDS.

TO EXAMINE OUTBOARDS

On Trailers. Princeton outboard boatowners who wish to have their craft examined and officially approved before putting them in the water can do so Sunday at Prince Chevrolet on Route 206. From 10 to 3, Princeton Flotilla 47 of the United States Coast Guard Auxiliary will operate a courtesy motorboat examination station.

The station has been made possible by a recent Coast Guard ruling that permits outboards to be examined on trailers rather than in the water. The decal awarded by the inspectors will stop the Coast Guard from boarding a craft for anything except a violation of safety rules while under way.

All area boat-owners are invited to bring their boats to the examination station. For further information, call Job Moyer at 799-0228, Anton Holstrom at 466-0349 or J. F. Pierson at 452-9231.

LAST CALL SOUNDS

For Midget Footballers. The official weigh-in and registration for the Princeton Midget Football League will take place Saturday from 9 to 11 and Sunday from 2 to 4. All interested boys attending school in Princeton, who will be at least nine, and under 14, years old on December 31, 1967, are asked to report to the Valley Road School Gymnasium during these periods.

Jack Sapoch, commissioner of the league, explained that the registration has been moved from September to May so that more boys will be able to competer. Over the summer, league officials will have time to set up medically approved age and weight classifications and obtain equipment and uniforms if additional teams are needed.

No weight and age limitations will be in effect during the weigh-ins and registrations. All boys who played last fall and wish to remain in the Midget League must sign up again and be weighed.

All registrants will be notified of their status over the summer and will be sent parental permission slips and medical examination forms. On the Friday after Labor Day, a try-out and player draft will be held for all boys who did not play on a uniformed team last year. Every effort will be made to draft every interested boy.

ELLSWORTH A. C. WINS 2

To Tie Thorne's For Lead. The West Windsor Little League season is shaping up like last year's race as Thorne's Pharmacy and Ellsworth A. C. are again battling for first place. Both teams have identical 3 0 records to put on the line when they meet this weekend.

Ellsworth took two games last week, defeating First Na-

Denny Clark's 13 strikeout performance led Thorne's to a 7-3 victory over First National Bank. The Bank, hampered by poor fielding, was still only one run behind in the sixth inning before Thorne's exploded for four.

Edinburgh Hotel, after losing in its first two outings, chalked up its first victory against Craft Cleaners. The 11-2 win was highlighted by Jim Wetterling's long home run and Mike Carlucci's fine pitching.

MILLER, GIBSON WIN

Sunday's Sailing Races. Dexter Miller and Walt Gibson accomplished Sunday something they have many times previously: won sailing races on Carnegie Lake.

Miller finished first among eight competing Penguin boats with 24.6 points. He was closely pursued by Ed Metcalf, who finished five tenths of a point back with 24.1. John Reeder had 23.4 and Larry Raffaelli, 22.8.

Positions changed frequently because of fickle winds struck one area, then another. Miller's son, Tim, served as his crew.

In the 14 foot sloop competition, Gibson and his daughter, Karen, amassed 22.8 points to finish on top. Jerry Lawson was second with 20, followed by Bob Wilson, 19.5, and George Cody, 11.1.

The GP-14s will hold their annual regatta on Lake Carnegie on Saturday. Races will be held at 10 a.m. and 2 p.m.

WALT GIBSON WINS

Flying Tern Regatta. With his wife, Jan, serving as crew, Walt Gibson of Princeton won the Carnegie Sailing Club, Eastern Flying Tern Regatta held Saturday on Carnegie Lake. A member of the Carnegie Sailing Club, Gibson edged Carlton Sprague of Newton by two points.

Four races were sailed in breezes ranging from zero to 10 miles per hour. Visiting skippers came from as far away as the Nittany Mountain Yacht Club, University Park, Pa.

Finishing position of the first six boats were, Gibson, 5½ points; Sprague, 7½; Bob Wilson of Cranbury and Peter Hirsch, crew, 11; Tom and Tommy Hilton of Princeton, 15, Murray and Jane Lyon, State College, Pa., 21; and George Tirone and Larry Trudeau, Holmdel, 25.

SPOILER OR CHAMP

Either Possible for Hun. Following an 8-5 defeat last week at George School, the Hun baseball team, currently 4-3 in league play and skidding (4-6 overall) still finds itself in the thick of contention for league honors.

Hun has three games to go — Perkiomen, Bryn Athn and Pennington. All are league opponents. Hun had already defeated the first two earlier in the season.

So a lot of paths are possible. "We could still tie for the championship," said coach Sandy Bing, "But if we don't win it ourselves, we'll play the role of spoiler and have a say in who does. These last games are important. We're still in the thick of it. It all depends on how badly the team wants to win." Hun is the defending champion.

Saturday in a non-league game at Hightstown, Hun was limited to a pair of singles by Peddie hurler Joe Durison. Only Tommy Hewel and Pete Szeker were able to solve Durison. Peddie won its eighth, 5-1.

Hun scored its lone run in the first when Ken Kelly, Hun pitcher, walked and subsequently scored on a wild pitch. Kelly absorbed the loss, his first against two victories.

Earlier at George School, the home team spurted for seven runs in the third inning and thus atoned for a previous set back this spring to Hun.

"We came within three but we never could quite catch up" commented Bing. Karl Harter (1-2) was charged with the loss.

BOWLING NOTES

Balestrieri Wins Roll-Off. Bill Penelli led Balestrieri Contractor to victory over Princetown Del. two games to one, in a roll off last week at the Princeton Recreation Lanes for the championship of the B League.

Balestrieri won the first, 932 to 836, dropped the second match, 938 to 931, and then came back to win the deciding game in convincing fashion, 1,011 to 917. Pinelli rolled games of 211-266-212 for a 689 series.

The winning team is captained by Jack Lucey. Other team members are Nick Cifelli, Bob Sculerati, Al Hibbard, John Balestrieri and Pinelli.

Joe Baldino captained the losing Princetown Del, comprised of Harry Kahny, Mike Pinelli, Bill Cavanaugh, Frank Delneso and Frank Maddalon. Maddalon rolled the high single game for the losers, a 215.

Final standings in the Three-Man Classic league found Colonial Restaurant on top for the third straight year. It finished with a 70 to 65½ margin over Procaccini Contractor.

Ed Duncan Sr. ended in style with a 661 series on games of 209-196-256. Bill Covell had a 628, high game 228; Joe Baldino had 618, high game 246; and Vince Tufano had 609, high game 223. Fred Procaccini rolled a high single game of 256.

Behind by two points last week, Cifelli Electric tied Tiger Garage in the final week of action in the second half, as each finished with 74 points. They will decide it in a roll-off. Cifelli won the first half.

Mike Pinelli rolled a 195-205-212 — 612 and Flavio Buono missed the 600 level by three pins when he fell off to a 191 in his final game. Bob Cifelli had 203-212, and Bill Dumble a 223. Harvey Raybuck leveled 185 pins in one game — his highest of the year.

Tops stretched its lead to 10 points (36-26) in the Blue Angels Hi-Y League over second place Hi Lo's. King Pins has 24 and Export's, 22.

Harry Cahn rolled 189-188-145 for a 522 while Tom Wood had the highest two games, 203-190. Others, Rich Volz, 177-181, Ken Grob, 179, Gordon Griffin Jr., 171 and Craig Donaldson, 172.

In the final night of play in the Business Women's League, tension was so high that the only respectable game was a 184 by Charlotte Rossi. University Cleaners won the second half, finishing in front of Balestrieri's, 73-62. It will face Irene's Day Nursery, first-half champions, for the title.

High game for the season was Barbara Gilliland's 223. Diane Fowler and Lillian Burrough each rolled a 222. Mella Croser's 591 was the highest series. The most improved bowler was Sally Peck who raised her average by 18 pins.

Funny, you don't look like a 4-cycle, 1498cc, 73hp, overhead valve V-4.

Bet you still think SAAB has only one kind of engine. Our famous 2-cycle, 3-cylinder "Shrike" engine. Well don't bet on it. Because SAAB now has a new V-4 engine, too. Zero to 50 in 10 seconds. Top speeds of over 90 mph. More power for acceleration. For hills. For safer passing. (And V-4 SAABs have front wheel disc brakes, for stopping all that power.) Funny thing, but it looks like this new high-performance V-4 should make the rally-winningest car in the world an even bigger winner. (That's something you can bet on.) SAAB

While they're talking Citroën, you come drive it.

Surprising how many people still are amazed at Citroen's safety features. After all, they've been standard equipment for 10 years. Like the dual proportional braking system, with discs up front, The Hydropneumatic suspension system that keeps Citroen always level, perfectly balanced; front-wheel drive for astonishing traction, precision steering and control; Mono-shell construction and a foam-padded interior protect the passenger compartment. There's more, too. See for yourself. Take a different kind of test drive in a different kind of car. Today.
